Mr. J. E. Kapteina, Engineer
P. O. Box 2088
Santa Fe, New Mexico

Dear Sir:

In reference to your letter of September 15, 1965, attached are the schematic drawings of the wells converted to water injection wells in our Keel-West Waterflood project, Eddy County, New Mexico. These are the injection wells that were included in the Stage 1, 2, and 3 expansion as provided by Oil Conservation Commission Order No. R-2268A.

If additional information is required, please advise.

Yours very truly,

W. F. Burns
Superintendent

cc: Mr. S. E. Reynolds
State Engineer

Attached is a tabulation of completion data and USGS form, No. 9-330, of all wells completed during expansion. We regret having failed to receive approval in this matter, and have taken steps to improve our operating procedures. Your approval of the existing casing and tubing design is requested. If additional information can be furnished, please advise.

The State Engineer has been furnished a copy of this letter and attachments.

Yours very truly,

A handwritten signature in dark ink, appearing to read 'W. F. Burns', written over the typed name.

W. F. Burns
Superintendent
