Re: WFX-628

Dear Mr. Small:

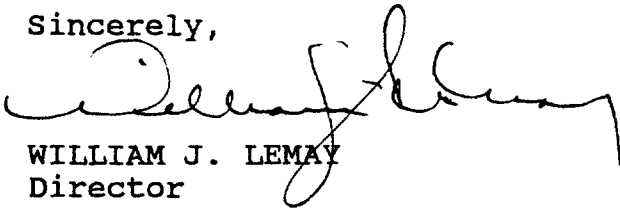

In light of the information you located subsequent to the issuance of the above mentioned order, the clause which required repair work on the Kenwood No.3, is hereby rescinded.

The copy of the sundry notice you furnished indicates cement in more than adequate across the injection zone.

Meridian may proceed without further delay in expanding its Shugart - Yates - Seven Rivers - Queen Grayburg Waterflood project to include the Shugart "A" No.4.

Please call or write if I may be of assistance in the future.

Sincerely,

WILLIAM J. LEMAY  
Director
