Attention: Mr. John D. Knodell, Jr.

Gentlemen:

Enclosed herewith please find Administrative Order PMX-4 for your Northwest Cha Cha Unit Wells No. 32-25 and 32-36 located in Sections 25 and 36, respectively.

Due to the statement in your application "all pursuant to Rule 701 of the General Rules and Regulations, etc.," this application was placed in suspense for a twenty-day waiting period and for arrival of a letter waiving objection to the expansion from the State Engineer's Office. Rule 701 requires that copies of application for conversion of wells to water injection be sent to the State Engineers Office where-as Order R-2154 makes no such stipulation. Said application was recently noticed in the suspense file and a phone call to the State Engineer released the application for processing. To avoid such a delay in the future, please file applications for expansion of your Northwest Cha Cha Unit in accordance with Order R-2154.

Very truly yours,

A. L. PORTER, Jr.,
Secretary-Director
