Sec. 13, T-11-S, R-27-E
Chaves County, New Mexico
Salt Water Disposal Order No. SWD-163

State of New Mexico
Energy and Minerals Department
Oil Conservation Division
P. O. Box 2088
Santa Fe, NM 87501

Attention: R. L. Stamets

Reference is made to the phone calls of July 3, 1985, between Nevin Gates of Amoco Production Company, Gilbert Quintana of the NMOCD-Santa Fe, and Les Clements of the NMOCD-Artesia, granting verbal approval to run a 4" liner and perforate additional Fusselman pay in the captioned well. Accordingly, Amoco requests an amendment to Salt Water Disposal Order No. SWD-163, extending the injection interval from 6,612-6,622' to 6,612-6,710'. This interval is contained entirely in the Fusselman formation and the packer will be set at approximately 6,350 feet.

Should you require additional information regarding this matter, feel free to contact Nevin Gates at (505) 393-1781.
