December 2, 1987

Mr. William LeMay  
State of New Mexico  
New Mexico Oil Conservation Division  
P. O. Box 2088  
Santa Fe, NM 87504-2088

Dear Mr. LeMay:

Conoco Inc. respectfully requests an amendment to Commingling Order CTB-332, dated November 5, 1987. We wish to include the production from the Dagger Draw No. 1, 660' FNL and 660' FWL, Section 30, T-19S, R-25E. This well also produces from the North Dagger Draw Upper Penn pool.

The quality of this crude is identical and commingling will not reduce the commercial value. Also, oil production will be metered at each well using positive displacement temperature compensated metering equipment and production will be allocated back to each lease based on meter volumes.

In addition Conoco requests approval for off-lease storage for the following wells which will be producing into this commingled battery.

Dagger Draw No. 1	D-30-19S-25E
Dagger Draw No. 5	B-30-19S-25E
Dagger Draw No. 8	J-30-19S-25E

This battery will be located at the Dagger Draw No. 4, Unit L, Section 19, T-19S, R-25E.

Your early consideration of these requests would be appreciated. Should you have any questions concerning this matter please contact Ceal Yarbrough at the above address.

Yours very truly,

COY:jd

Mr. Richard L. Manus  
Bureau of Land Management  
P. O. Box 1778  
Carlsbad, NM 88220

Dear Mr. Manus:

By the attached copy of our application to the New Mexico Oil Conservation Division, we are requesting your approval of our proposed amendment to the commingling order.

BLM authorized the original commingling order on February 26, 1985, and the first amendment was submitted to your office on September 25, 1987.

If you have any questions, please contact Ceal Yarbrough at ext. 125 of this office.

Yours very truly,
