RE: Request for Exception to Rule 309-A  
McClure "F" Lease  
Section 14, T15S, R37E  
Lea County, New Mexico

Gentlemen:

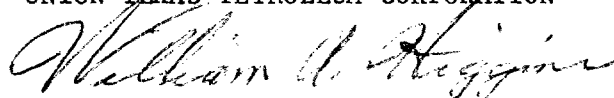

Union Texas Petroleum Corporation respectfully requests an Exception to Rule 309-A to permit off lease storage prior to measurement of anticipated production from the referenced lease to a battery to be located on our McClure "A" lease. A separate heater treater for the "F" lease will be installed. The purpose of this request is for the convenience and economy of existing gas sales line and salt water disposal facilities. No commingling of production from the leases involved will result. There will be no intercommunication resulting from handling, separating, treating or storage.

A plat showing the location of the leases, wells and tank batteries is attached. Also attached are lists of working interest owners and their addresses. I am sending a copy of this application to each working interest owner by certified mail. No State or Federal lands are involved.

Your approval of this application will be greatly appreciated.

Yours very truly,

UNION TEXAS PETROLEUM CORPORATION
