Gentlemen:

Stevens Oil Company seeks an exception to Rule 309-A under the provisions of 309-C to permit the production from its O'Brien "F" lease located in the W/2 Section 25, E/2 Section 26, and E/2 Section 35, Township 8 South, Range 28 East, Chaves County, New Mexico, to be transported prior to measurement to its Citgo-State "A" lease located in Unit C of Section 36, Township 8 South, Range 28 East, Chaves County, New Mexico for storage thereon. The only current producing well on the O'Brien "F" lease is the No. 1 well located in Unit M of Section 25. The ownership of the O'Brien "F" lease is as follows:

1. Stevens Oil Company is the operator with a 22.1% working interest with a 40% reversion after payout.
2. The remainder of the working interest is owned as follows: H. Wade White .4%, Rio Petrol, Inc. 12.5%, Robert R. Walker 12.5%, John T. Rowlett, et al 52.5%.
3. The royalty interest is owned as follows: W. B. O'Brien, et al 75%, U. V. Industries 12.5%, Marshall & Winston Inc., et al 12.5%.

The ownership of Unit C of Section 36, Township 8 South, Range 28 East, Chaves County, New Mexico is as follows:

1. Stevens Oil Company is the operator with a 52.5% working interest.
2. Energy Reserves Group, Inc. owns 47.5% working interest.
3. Overriding royalties are owned by H. Lee Harvard 1%, George Conley 2%, Len Mayer .5%, Robert L. Haynie .5%.
4. The State of New Mexico is the owner of a 12.500% royalty interest.

Enclosed is a plat showing the wells on the leases and the location of the tank battery and flowlines. The tank battery has been located in this site to take advantage of an unused tank battery located thereon and to avoid the problems and expense of building a new tank battery in or near the shoreline of an intermittent lake bed. The surface owner of the land prefers this location inasmuch as the road to the tank battery is caliche and it will not be necessary to caliche additional roadways and will prevent a proliferation of tank batteries near the ranch house and ranch manager's home in the NW/4 of Section 35. The applicant further states:

1. All production between the two leases is from the same common source of supply.
2. Commingling of production from the two leases will not result.
3. There will be no intercommunication of the handling, separating, treating, or storage facilities designated to each lease.
4. All parties owning a working or royalty interest in the lease have consented in writing to the off-lease storage or will consent in writing to the off-lease storage or have been mailed registered certified mail of Stevens Oil Company's intent to transport as set out herein. Evidence of the above will be furnished the Commission shortly.
5. State lands are involved and evidence will be furnished that the Commissioner of Public Lands will consent to the proposed off-lease storage.

Yours very truly,
