Enclosure

RULE 309-C. ADMINISTRATIVE APPROVAL, OFF-LEASE STORAGE

For good cause shown, the Secretary-Director of the Commission shall have authority to grant an exception to Rule 309-A to permit the production from one lease to be transported prior to measurement to another lease for storage thereon, provided an application reflecting ownership of the leases has been filed in triplicate with the Commission and is accompanied by plats of the leases showing thereon the wells on the leases and the formations in which they are completed and the proposed location of the tank battery, and provided further that:

1. All production is from the same common source of supply.
2. Commingling of production from the two leases will not result.
3. There will be no intercommunication of the handling, separating, treating, or storage facilities designated to each lease.
4. All parties owning an interest in the leases have consented in writing to the off-lease storage.
5. In lieu of paragraph 4 of this rule, the applicant may furnish proof of the fact that said parties were notified by registered or certified mail of his intent to transport prior to measurement the production from one lease to another lease for storage. The Secretary-Director may approve the application if, after a period of 20 days following receipt of the application, no party has made objection to the application.
6. Where State or Federal lands are involved, the applicant shall furnish evidence that the Commissioner of Public Lands for the State of New Mexico or the Regional Supervisor of the United States Geological Survey has consented to the proposed off-lease storage.

I would like permission to set an off-lease storage tank at: SE  $\frac{1}{4}$  SE  $\frac{1}{4}$  Section 23, Township 20 South, Range 29 East N M P M. I will transport oil from Vickers #1 well NE  $\frac{1}{4}$  NE  $\frac{1}{4}$  Section 23, Township 20 South, Range 28 East N M P M.
