Attention: Mr. Millard Deck

Administrative Order OLS-90

Gentlemen:

Reference is made to your application dated March 26, 1973, for administrative approval to permit off-lease storage of Eumont oil production from your State WE "D" Lease comprising the N/2 SE/4 of Section 27, Township 20 South, Range 36 East, NMPM, Lea County, New Mexico, at a tank battery on your Federal "D" Lease in Unit E of Section 26 of the same township.

Administrative approval of the off-lease storage is hereby granted pursuant to the provisions of Rule 309-C of the Commission Rules and Regulations, provided however, that there shall be no intercommunication of the handling, separating, treating, or storage facilities designated to each lease.

Very truly yours,

A. L. PORTER, Jr.  
Secretary-Director

March 26, 1973

New Mexico Oil Conservation Commission  
P.O. Box 2088  
Santa Fe, New Mexico 87501

Gentlemen:

Approval is being sought for off-lease storage for production from the Millard Deck Oil Company State WE "D" No. 1 located in the NE/4 - SE/4 of Section 27, Township 20 South, Range 36 East, Lea County, New Mexico. It is proposed that for the convenience of the oil and gas pipelines that tank battery facilities be constructed in the SW/4 - NW/4 Section 26, Township 20 South, Range 36 East. An oil and gas pipeline connection is available at the Federal "D" battery but it would require that oil and gas pipelines be laid to a battery on the State WE "D" location. Due to the low oil and gas production rate the pipelines were reluctant to make that expenditure. This proposal is being made in the interest of providing the most beneficial and economical method of producing oil and gas which is needed by the consumer and it will also be providing revenue for the State of New Mexico in the form of royalty and severance taxes.

Our application for off-lease storage follows:

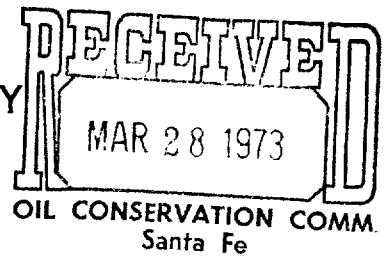

1. Production from the State WE "D" lease is all from one well producing in the Eumont ~~Yates~~ ~~Seven Rivers~~ Queen field.
2. There is no intercommunication possible until the oil and gas is placed into the respective pipeline gathering systems.
3. There will be completely separate handling and storage facilities for the State WE "D" lease and the Federal "D" lease.
4. All parties owning either a working interest or a royalty interest have been sent copies of applications mailed to the United States Department of the Interior and the Commissioner of Public Lands by certified mail. A copy of the certified mail receipts are attached.
5. This off-lease storage proposal has been approved by both the United States Department of the Interior and the Commissioner of Public Lands. Copies of their approval letters are attached.

Re: Off-Lease Storage

ATTENTION: Mr. Millard Deck

Gentlemen:

Approval is hereby granted for off-lease storage for production from the Millard Deck Oil Company State WE "D" No. 1 located in the NE/4SE/4 of Section 27, Township 20 South, Range 36 East, Lea County, New Mexico. The tank battery being located in the SW/4NW/4 of Section 26, Township 20 South, Range 36 East.

This approval is with the condition that there will be completely separate handling and storage facilities for the State WE "D" lease with no intercommunication possible until the oil and gas is placed into the respective pipeline gathering systems.

We are sending a copy of our letter to the Oil Conservation Commission.

Very truly yours,

*Ray D. Graham*

Millard Deck Oil Company  
P. O. Box 1047  
Eunice, New Mexico 88231

Attention: Mr. Millard Deck

Dear Mr. Deck:

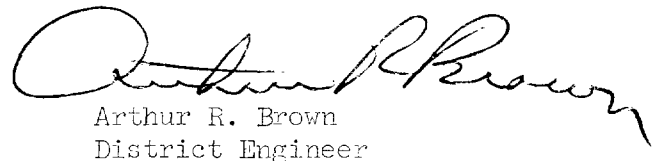

Your letter of March 1 requests approval to locate the tank battery for your well No. 1 State WE "D" on your Federal "D" lease in the SW $\frac{1}{4}$ NW $\frac{1}{4}$  sec. 26, T. 20 S., R. 36 E., Lea County, New Mexico, lease Las Cruces 046164-B.

We have no objection to you locating the tank battery as proposed provided that oil handling and storage facilities for the State WE "D" are completely separate from oil handling and storage facilities for the Federal "D" lease and provided that both tank batteries are properly identified with appropriate signs.

Our records show that the NW $\frac{1}{4}$  and the S $\frac{1}{2}$  sec. 26 is mineral reserved land and that the surface is privately owned.

Please advise this office when the proposed tank battery is completed so that a field inspection of the facilities can be made.

Sincerely yours,

  
Arthur R. Brown  
District Engineer
