Harry Leonard (NCT-E) Commingled Battery
NE/4 Sec. 16-21S-37E
Lea County, New Mexico

Dear Ms. Haynie:

We are in receipt of your letter of August 14, 2002. Your letter requests our approval to add the Penrose Skelly-Grayburg oil pool production to the existing approved Harry Leonard (NCT-E) Commingled Battery (NMOCD Commingle Order PC-391).

It is our understanding that the production will be commingled from the Penrose Skelly-Grayburg (50350), Blinbry Oil and Gas (6660), Tubb Oil and Gas (86440) and Drinkard (19190) pools. Production from each pool will be determined by periodic well tests.

Since it appears that all the New Mexico Oil Conservation Division's rules and regulations have been complied with, and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request is hereby approved. Our approval is subject to like approval by the New Mexico Oil Conservation Division.

Your \$30.00 dollar filing fee has been received.

If you have any questions or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,

RAY POWELL, M.S., D.V.M.
