Attention: Mr. R. N. Yancey

Administrative Order OLS-7

Gentlemen:

Reference is made to your letter of January 10, 1963, wherein you request authority to move oil produced from your KCL State "A" Lease comprising the NW/4 NW/4 Section 30, Township 15 South, Range 29 East, Round Tank San Andres Pool, Chaves County, New Mexico, prior to measurement and to measure and store the same in a separate tank battery on your KCL State "B" Lease in the NE/4 NW/4 of said Section 30.

It is our understanding that no commingling of the production from each of the two leases will occur, and that each lease will have separate treating and handling facilities.

Pursuant to the authority vested in me by Rule 309 (c) of the Commission Rules and Regulations, off-lease storage for your State "A" Lease is hereby authorized as in the above manner.

Very truly yours,

A. L. PORTER, Jr.,
Secretary-Director

Mr. J. H. Taylor
P. O. Box 871
Santa Fe, New Mexico

Dear Sir:

Reference is made to your letter of January 10,

1933,

wherein you request authority to move all production from your lease to the lease comprising the BWA No. 1 well, located in the 10th and 11th ranges of Grant County, New Mexico, prior to the expiration and to measure and record the same in a separate tank battery on your K-12 State "B" lease in the BWA No. 1 well, said well on 30.

It is understood that no commingling of the production from each of the two leases will occur, and that each lease will have separate treating and handling facilities.

According to the authority vested in me by Article 10 of the Commission on Rules and Regulations, off-lease storage for your State "A" lease is hereby authorized as follows:

Very truly yours,

AL. D. FORSTER, JR.
Secretary-Treasurer

New Mexico Oil Conservation Commission
Santa Fe, New Mexico

Gentlemen:

For reasons which I will state below, we hereby respectfully request permission for off-lease storage facilities for our KCL-State A Lease, located in the NW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 30, Township 15 South, Range 29 East, Chaves County, New Mexico.

At present, we have rental tanks on this lease and wish to install permanent facilities.

In order to avoid extra costs of dirt work, we would like to utilize the tank pad and burn pits which now exist on our KCL-State B Lease, located in the NE $\frac{1}{4}$, NW $\frac{1}{4}$ of the same Section.

We propose to install a separate Heater-Treater and storage tank for the A lease. ³These facilities will not be connected to those of the B lease, and there will be no comingling of oil from the two leases.

If this request is approved, we would appreciate a telephone call to our office as we would like to start the work as soon as possible.

Very truly yours,

KERN COUNTY LAND COMPANY

Allen J. H. Carey, Dist. Production Supt.

Gentlemen:

We have your letter of 10/24/54 for off-lease storage of 200,000 barrels of oil, located in the Block 13, Section 06, T-14N-R-15E, Range 29E. Since your lease with us is to be a commingling of this production with other crudes, we have no objection to your proposal.

It is a letter from the Division of the Atlantic
 Petroleum Company stating that they offer no objection
 and you will note that a copy of this letter of
 approval will be submitted to Mr. Bitter of the Oil
 Conservation Commission.

Very truly yours,

U. S. DEPT. OF THE INTERIOR
BUREAU OF LAND MANAGEMENT

Re: Round Tank Field
San Andres Pool
Chaves County, New Mexico

Mr. T. L. Bilberry
District Office
Midland, New Mexico

Dear Mr. Bilberry:

We propose to request administrative approval for off-lease storage for our State-Bullis A lease, located in the NW $\frac{1}{4}$, NW $\frac{1}{4}$, Section 30, T.15 S., R.29 E., Chaves County, New Mexico.

At present we have rental tanks on this lease and wish to install permanent facilities.

In order to avoid additional costs of dirt work, we wish to utilize the tank grade and burn pit which now exist on our KCL-State B lease, located in the NW $\frac{1}{4}$, NW $\frac{1}{4}$ of the same section. Also, in the light of future development, the site of the KCL-State B battery would be centrally located for a battery to accommodate several of these small leases, provided we had permission to comingle.

For the present, we propose to install a separate heater-treater and storage tank for the A lease not to be connected to the facilities of the B lease, and there will be no comingling of the oil from the two leases.

Attached is a plat of the leases involved showing the location of the wells and facilities. Also a diagram showing the existing B lease facilities and the proposed lease equipment.

If you consent to this proposal would you please so notify Mr. Nutter of the Oil Conservation Commission Office. We would also appreciate a call to our office in Midland on your decision.

Very truly yours,

KERN COUNTY LAND COMPANY

State Lease E-6061 and State
Lease E-9972. Our NM-628 and
NM-885.

Gentlemen:

By letter dated December 26, 1962, Kern County Land Company advised you of their proposal to request administrative approval for off-lease storage for their State Mullis A lease located in the NW/4 NW/4 Section 20, T15S, R29E, Chaves County, New Mexico. Your records will reflect title to the lease is still in Atlantic. The well was drilled on a farmout from us. We wish to advise you that we have no objection to the plan as presented in the above mentioned letter.

Yours very truly,
