Re: Tom Schneider, H. D. McKinley
Lease, Section 30, T-18-S,
R-38-E, Lea County, New Mexico

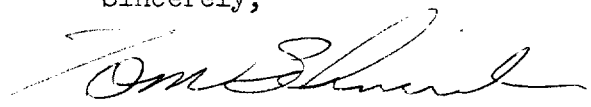

Dear Sirs:

We respectfully request an exception to Rule 309-A. Enclosed please find plat of leases involved and existing tank battery that we propose to produce into.

We further assert that production is from a common source of supply, commingling of production will not result, there will be no inter-communication of the handling, separating, treating, or storage facilities designated to each lease and that all parties owning an interest in the leases have consented in writing to the off lease storage.

I hope the above is sufficient to obtain administrative approval on the above but please advise if additional information is needed.

Sincerely,

Tom Schneider
