**Administrative Order PLC-4**

**Gentlemen:**

Reference is made to your letter of June 18, 1963, wherein you request authority to commingle the Glorieta, Blinsbry, Wolfcamp, Pennsylvanian, and Devonian production from your State "L" Lease comprising the NE/4 of Section 1, Township 18 South, Range 34 East, your State "N" Lease comprising the NW/4 of Section 1, and your State "O" Lease comprising the S/2 NE/2, SE/4, and S/2 SW/4 of Section 16, Township 17 South, Range 34 East, Vacuum Field, Lea County, New Mexico, after separately metering the production from each of the pools. It is our understanding that the ownership of each of the three leases is common throughout.

Pursuant to the authority granted me under the provisions of Rule 303 (b) and Rule 309-B of the Commission Rules and Regulations, you are hereby authorized to commingle the production from the aforesaid pools and leases in the above-described manner. Provided however, that the installation shall be operated in accordance with the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities," including the requirement for non-reset counters on the meters. You are also requested to notify the Hobbs District Office of the Commission at such time as the installation is complete in order that a field inspection of the installation may be made prior to putting the installation in operation.

Administrative Order PC-128 which authorized the commingling of production on the State "O" Lease is hereby superseded.

Very truly yours,

A. L. PORTER, Jr.,  
Secretary-Director
