Re: Administrative Order PC-249

Gentlemen:

My letter dated July 15, 1968, requested amendment of Administrative Order PC-249 to permit commingling of production on our SEMU Lease without metering from the several pools. It has been called to our attention that each of the pools has a different participating area so that it is necessary to have separate measurement from each pool.

As a consequence of the above described situation, our request for amendment of Administrative Order PC-249 is hereby withdrawn. Your cooperation on this matter is sincerely appreciated and we apologize for the inconvenience which we have caused you in making this request prematurely.

Yours very truly,
