Attention: Mr. D. S. Nutter

Re: Percy Hardy Lease  
Blinebry Oil & Blinebry Gas Pools  
Lea County, New Mexico

Gentlemen:

Percy Hardy Wells Nos. 1, 2, and 3 were producing from the Blinebry Oil Zone and were commingled at the surface before January 1, 1972. Effective January 1, 1972, the Percy Hardy Wells Nos. 1 and 3 were reclassified as gas wells in the Blinebry Pool. The liquid production from the Wells Nos. 1 and 3 is commingled at the surface with the oil production from Well No. 2.

Getty Oil Company hereby requests surface commingling authority for the subject wells in the Blinebry Oil Pool and the Blinebry Gas Pool. The liquid production from the Blinebry Zone would be distributed among these three wells based on well production tests. This request was discussed with Mr. Joe D. Ramey, Supervisor, District I.

Yours very truly,  
GETTY OIL COMPANY
