Description: NW/4 Sec. 23, T-21-S, R-37-E, Lea County

The above-named company is hereby authorized to commingle production from the following pools

Blinebry and Drinkard

in a common tank battery, and to determine the production from each pool by

 x separately metering the production from each pool prior to commingling

 separately metering the production from

and determining the
production by the subtraction method

 well tests (if this method is to be authorized, all commingled production must be of marginal nature; further, the operator shall notify the Santa Fe Office of the Commission in the event any well producing into the commingled battery becomes capable of top allowable production, at which time the Commission will amend this order or take such other action as may be appropriate)

Note: This installation shall be installed and operated in accordance with the applicable provisions of Rule 303 of the Commission Rules and Regulations and the Commission "Manual for the Installation and Operation of Commingling Facilities." It is the responsibility of the producer to notify the transporter of this commingling authority.

REMARKS: It is our understanding that the ownership under this Lease in the two subject pools is not identical throughout, continuous metering of each zone is therefore necessary.
