Amendment
Administrative Order PLC-9

Gentlemen:

Reference is made to Administrative Order PLC-9 which on April 2, 1964, authorized the commingling of Vacuum-San Andres and Vacuum-Glorieta production from your State "D" Lease and State "E" Lease after separately metering the production from each pool.

The subject Administrative Order is hereby amended to permit the authorized commingling after continuously metering and sampling the San Andres production and determining the Glorieta production by means of the subtraction method.

Very truly yours,

A. L. Porter, Jr.

Re: Request to commingle production from Glorieta pool with
previously approved production from San Andres pool on
State "D" and State "E" Leases, Vacuum Field, Lea County,
New Mexico

Gentlemen:

Since we have already approved commingling from San Andres and
since ownership is common throughout, we have no objection to
your proposal to commingle the Glorieta production with the San
Andres production.

We would like to have a periodic report from your Glorieta wells
since you will be using the subtraction method.

Very truly yours,

E. S. JOHNNY WALKER
Commissioner of Public Lands
