Dear Mr. LeMay:

**Request for Amendment of Commingling Order PLC-67  
for Approval of Surface Commingling and Off-Lease  
Storage of the Warren McKee Production from the  
Burger B-20 No. 4, SW/4 NW/4, Sec. 20, T-20S, R-38E,  
Lea County, New Mexico**

Conoco Inc. requests approval for off-lease storage and surface commingling of production from the Warren McKee Pool by the Burger B-20 Well No. 4. The SEMU BMT battery, located in the NW/4 SW/4 of Sec. 20 in the adjacent Southeast Monument Unit, is to be used as the facility for this proposed surface commingling and storage. The well and battery locations are shown on the attached map, EXHIBIT NO. A.

Production from the Southeast Monument Unit McKee, the Southeast Monument Unit Blinbry, and the Southeast Monument Unit Tubb A Leases are already surface commingled at the SEMU BMT battery under commingling order PLC-67. A copy of this order is attached to this application as EXHIBIT NO. B.

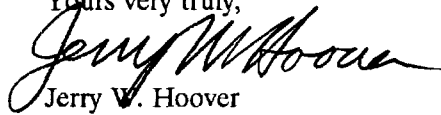

Although the subject well has not been completed at this time, it is anticipated that the quality of the crude will be identical to that produced from the other McKee wells completed in the Warren McKee Pool and that surface commingling will not reduce its commercial value. The McKee production from the Burger B-20 Lease will be metered separately at the battery using positive displacement, temperature compensated oil meters and temperature compensated gas meters before being commingled with production from the three SEMU leases. A battery schematic for the SEMU BMT Battery, showing the addition of a new separator and metering equipment for this well is also attached as EXHIBIT NO. C.

Since it is anticipated that drilling and completion of this well will be finished by mid-August, your early consideration of this request would be appreciated so that production will not be delayed. Copies of this application have been sent by certified mail to the other interest owners: Amoco, Arco, Chevron, and the BLM. Copies of these certified mail receipts will be forwarded to you as soon as they are received.
