APPLICATION FOR PERMIT TO COMMINGLE PRODUCTION

TEXACO Inc. Leases
Vacuum San Andres Pool
Lea County, New Mexico

New Mexico Oil Conservation Commission
P. O. Box 871
Santa Fe, New Mexico

Gentlemen:

In accordance with New Mexico Oil Conservation Commission Rule 309-B, TEXACO Inc. hereby makes application for administrative approval of an exception to Rule 309-A to permit the commingling of Vacuum San Andres Pool production on our leases in the Vacuum Pool, Lea County, New Mexico into a common tank battery located on the State of New Mexico "Z" Lease. In support of which is stated the following:

1. TEXACO Inc. is the operator of 25 leases as shown on the attached beneficiary code and working interest in the leases is common.
2. Production from the 25 leases is from the same common source of supply, Vacuum San Andres Pool.
3. Adequate facilities will be provided for accurately determining production from each well at reasonable intervals utilizing positive displacement meters as shown in the attached schematic diagram, Figure 1-A.
4. Adequate facilities will be provided for continuously determining production from each lease utilizing temperature compensating positive displacement meters and samplers as shown in the attached schematic diagram, Figure 1-A.

November 15, 1961

5. A diversity in royalty ownership as shown in the attached beneficiary code exists between leases. Therefore, the production from each lease will be accurately measured prior to commingling into common gathering system as shown in the attached Plat No. 1.

6. Attached are letters of consent to commingling from the Commissioner of Public Lands, State of New Mexico, and from the Crude Oil Purchaser.

In view of the facts recited in this application, it is respectfully requested that administrative approval of an exception to Rule 309-A be granted TEXACO Inc. to permit commingling into a common tank battery Vacuum San Andres production from leases shown on attached beneficiary code and from all San Andres wells which may be completed in the Vacuum San Andres Pool on these leases in the future.

Yours very truly,

Attention: Mr. J. G. Blevins, Jr.

Dear Mr. Blevins:

Your request to commingle production on your State of New Mexico Oil and Gas Leases in the Vacuum Pool of Lea County, has been considered and we see no objections to this project so long as the production from the different institutional lands is properly metered and tested, as you have proposed.

We appreciate having received the additional information, as to the beneficiary code, also plats showing the systems.

Thank you for your cooperation in this matter.

Yours very truly,

E. S. JOHNNY WALKER

Application for Addition to
Present Commingled Installation,
TEXACO Inc., Vacuum Pool
Consolidation and State of
New Mexico "T" NCT-4 Leases,
Vacuum (San Andres) Pool,
Lea County, New Mexico

Attention: Mr. A. L. Porter, Jr.

Gentlemen:

In accordance with New Mexico Oil Conservation Commission Rule 309-B TEXACO Inc. hereby makes application for administrative approval of an exception to Rule 309-A to permit commingling operations to be conducted on the State of New Mexico "T" NCT-4 Lease. On December 8, 1961, the New Mexico Oil Conservation Commission granted TEXACO Inc. administrative approval to commingle 25 leases in the Vacuum (San Andres) Pool, Lea County, New Mexico. At this time it is desirous to commingle the State of New Mexico "T" NCT-4 Lease with the aforementioned consolidated battery, in support of which is stated the following:

1. TEXACO is the operator of the State of New Mexico "T" Lease, consisting of 160 acres, being the NW/4 of Section 28, T-17-S, R-34-E, Lea County, New Mexico. Attached is a Plat showing the location of all wells on this lease and the pool from which they are producing.

2. The expected daily liquid hydrocarbon production from the State of New Mexico "T" NCT-4 Lease is 14 barrels of oil and that from the presently consolidated facility is approximately 2400 barrels of oil.

3. Working interest and royalty interest are common on all of the subject leases, however some of the leases have separate beneficiary accounts. These beneficiary accounts consist of Common School (C.S.) and Military Institute (M.I.). Permission

December 17, 1962

was granted previously to commingle leases having the same beneficiary based on production tests, then commingle the two beneficiary accounts together after properly metering each account by the use of temperature compensated P-D meters with non-reset counters and vapor-proof samplers. The State of New Mexico "T" NCT-4 Lease is a Common School beneficiary and it is proposed to commingle its production with the State of New Mexico "D" NCT-2 Lease which is also a Common School beneficiary, refer attached plat. The production will then be metered through the present installation at a point down stream where the MI and CS beneficiaries are commingled.

4. Royalty interest in the subject lease is common and is held in part by the State of New Mexico and a copy of this application is being sent this date to the State Land Office, Box 791, Santa Fe, New Mexico, requesting their approval in writing of the proposed installation. Immediately upon receipt of this approval, it will be forwarded to the Commission.

In view of the facts recited in this application, it is respectfully requested that administrative approval of an exception to Rule 309-A be granted TEXACO Inc. to permit commingling into a common tank battery liquid hydrocarbon production from the State of New Mexico "T" NCT-4 Lease and the previously commingled leases, in the Vacuum (San Andres) Pool and from all wells which may be completed in this reservoir on these leases in the future.

Yours very truly,

Administrative Order CTB-73

Gentlemen:

Reference is made to your application dated November 15, 1961, for administrative approval of an exception to Rule 309-A of the Commission Rules and Regulations to permit the commingling of the Vacuum San Andres Pool production from twenty-five of your State of New Mexico leases in Townships 17 and 18 South, Ranges 34 and 35 East, NMPM, Lea County, New Mexico.

By the authority vested in me under Rule 309-B of the Commission Rules and Regulations, I hereby authorize you to commingle the production from the above-described leases from the Vacuum San Andres Pool in a common tank battery; provided however, that the installation shall be operated in accordance with the Commission "Manual for the Installation and Operation of Commingling Facilities"; and provided further however, that the Commission's Santa Fe Office shall be notified when the installation has been put in use.

Attention: Mr. J. G. Blevins, Jr.

Dear Mr. Blevins:

Your request to commingle production on your State of New Mexico Oil and Gas Leases in the Vacuum Pool of Lea County, has been considered and we see no objections to this project so long as the production from the different institutional lands is properly metered and tested, as you have proposed.

We appreciate having received the additional information, as to the beneficiary code, also plats showing the systems.

Thank you for your cooperation in this matter.

Yours very truly,

E. S. JOHNNY WALKER
Commissioner of Public Lands

Administrative Order CTB-73

Gentlemen:

Reference is made to your application dated November 15, 1961, for administrative approval of an exception to Rule 309-A of the Commission Rules and Regulations to permit the commingling of the Vacuum San Andres Pool production from twenty-five of your State of New Mexico leases in Townships 17 and 18 South, Ranges 34 and 35 East, NMPM, Lea County, New Mexico.

By the authority vested in me under Rule 309-B of the Commission Rules and Regulations, I hereby authorize you to commingle the production from the above-described leases from the Vacuum San Andres Pool in a common tank battery; provided however, that the installation shall be operated in accordance with the Commission "Manual for the Installation and Operation of Commingling Facilities"; and provided further however, that the Commission's Santa Fe Office shall be notified when the installation has been put in use.

Very truly yours,

A. L. Porter, Jr.

Application for Addition to
Present Commingled Installation,
TEXACO Inc., Vacuum Pool
Consolidation and State of
New Mexico "T" NCT-4 Leases,
Vacuum (San Andres) Pool,
Lea County, New Mexico

Attention: Mr. A. L. Porter, Jr.

Gentlemen:

In accordance with New Mexico Oil Conservation Commission Rule 309-B TEXACO Inc. hereby makes application for administrative approval of an exception to Rule 309-A to permit commingling operations to be conducted on the State of New Mexico "T" NCT-4 Lease. On December 8, 1961, the New Mexico Oil Conservation Commission granted TEXACO Inc. administrative approval to commingle 25 leases in the Vacuum (San Andres) Pool, Lea County, New Mexico. At this time it is desirous to commingle the State of New Mexico "T" NCT-4 Lease with the aforementioned consolidated battery, in support of which is stated the following:

1. TEXACO is the operator of the State of New Mexico "T" Lease, consisting of 160 acres, being the NW/4 of Section 28, T-17-S, R-34-E, Lea County, New Mexico. Attached is a Plat showing the location of all wells on this lease and the pool from which they are producing.

2. The expected daily liquid hydrocarbon production from the State of New Mexico "T" NCT-4 Lease is 14 barrels of oil and that from the presently consolidated facility is approximately 2400 barrels of oil.

3. Working interest and royalty interest are common on all of the subject leases, however some of the leases have separate beneficiary accounts. These beneficiary accounts consist of Common School (C.S.) and Military Institute (M.I.). Permission

December 17, 1962

was granted previously to commingle leases having the same beneficiary based on production tests, then commingle the two beneficiary accounts together after properly metering each account by the use of temperature compensated P-D meters with non-reset counters and vapor-proof samplers. The State of New Mexico "T" NCT-4 Lease is a Common School beneficiary and it is proposed to commingle its production with the State of New Mexico "D" NCT-2 Lease which is also a Common School beneficiary, refer attached plat. The production will then be metered through the present installation at a point down stream where the MI and CS beneficiaries are commingled.

7
1
4. Royalty interest in the subject lease is common and is held in part by the State of New Mexico and a copy of this application is being sent this date to the State Land Office, Box 791, Santa Fe, New Mexico, requesting their approval in writing of the proposed installation. Immediately upon receipt of this approval, it will be forwarded to the Commission.

In view of the facts recited in this application, it is respectfully requested that administrative approval of an exception to Rule 309-A be granted TEXACO Inc. to permit commingling into a common tank battery liquid hydrocarbon production from the State of New Mexico "T" NCT-4 Lease and the previously commingled leases, in the Vacuum (San Andres) Pool and from all wells which may be completed in this reservoir on these leases in the future.

Yours very truly,

H. N. Wade

Commingle Installation, TEXACO Inc.,
Vacuum Pool Consolidation and State
of New Mexico "T" NCT-4 Leases,
Vacuum (San Andres) Pool, Lea County,
New Mexico. Dated: December 17, 1962

Attention: Mr. Daniel S. Nutter

Gentlemen:

As per your request, attached are three (3) copies of State Land Office approval for the above captioned proposal. Also, a clarification of wording was requested as to the part that reads, "Royalty interest in the subject lease is common and is held in part by the State of New Mexico." This statement, which indicates "in part" is written into our standard form for requesting commingling under Rule 303 (b) where all royalty owners are not notified, but USGS notification is required. Inadvertantly these two words were not struck out when the subject application was filed. All royalty interest pertaining to the subject leases is owned 100 percent by the State of New Mexico.

Should you have any further questions, please advise.

Yours very truly,

RE: AMENDMENT, ADMINISTRATIVE ORDER
CTB-73, TEXACO INC. VACUUM FIELD
LEA COUNTY, NEW MEXICO

Attention: Mr. A. L. Porter, Jr.

Gentlemen:

TEXACO Inc. respectfully requests an amendment to Administrative Order CTB-73, as amended, to delete the following leases from the Vacuum Grayburg-San Andres lease commingling authorized by said order.

<u>Lease</u>	<u>Location (Lea County)</u>
State of New Mexico "T" NCT-4	NW/4 Sec. 28, T-17-S, R-34-E
State of New Mexico "O" NCT-2	S/2 Sec. 33, T-17-S, R-34-E
State of New Mexico "V"	W/2 Sec. 34, T-17-S, R-34-E
State of New Mexico "T" NCT-2	SW/4 SE/4 Sec. 34, T-17-S, R-34-E
State of New Mexico "X" NCT-1	NE/4 Sec. 3, T-18-S, R-34-E
State of New Mexico "AA" NCT-1	NE/4 NW/4 Sec. 3, T-18-S, R-34-E
State of New Mexico "AA" NCT-2	NW/4 NE/4 and NE/4 NW/4 Sec. 4, T-18-S, R-34-E

This amendment is being requested because these leases were recently committed to the TEXACO-operated West Vacuum Unit, which produces into storage facilities explicitly for this Unit, and they were disconnected from the commingling facilities authorized by Order No. CTB-73.

Yours very truly,

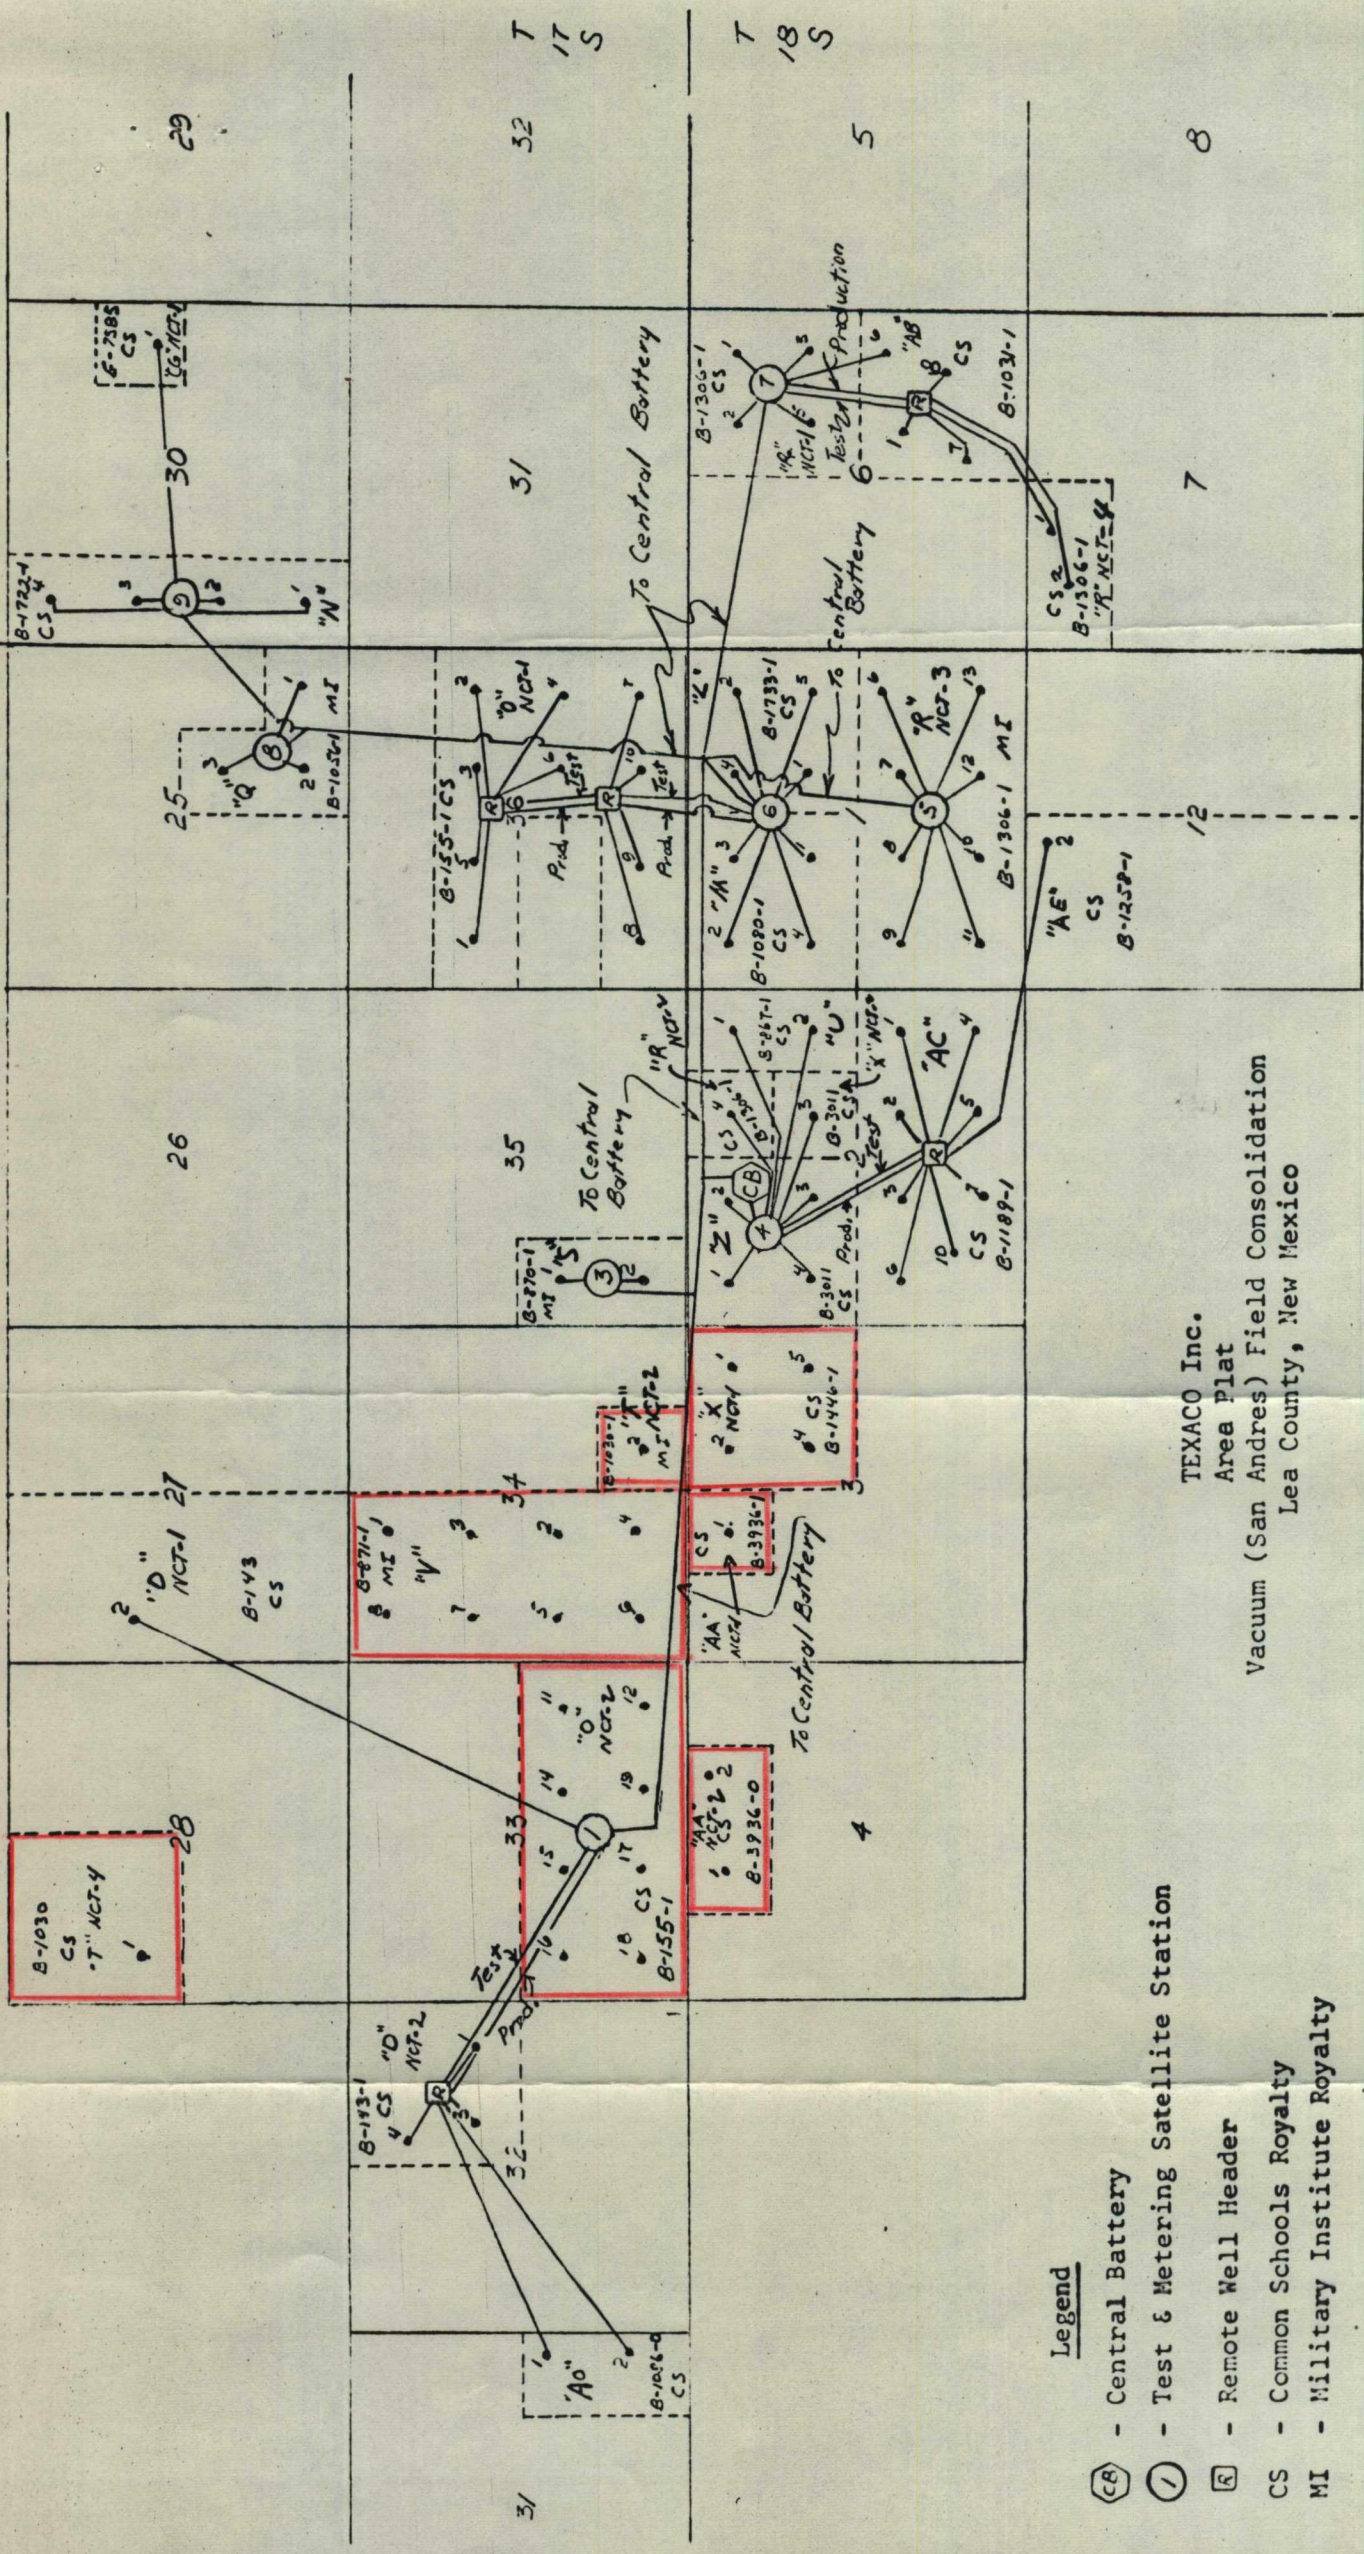

A handwritten signature in dark ink, appearing to read "J. G. Blivens, Jr.".

AMENDMENT
Administrative Order CTB-73

Gentlemen:

In accordance with your letter of March 9, 1966, Administrative Order CTB-73 is hereby amended to delete the following leases from the comingling authority contained in said order.

State of New Mexico "T" NCT-4	NW/4 Sec. 28, T-17-S, R-34-E
State of New Mexico "O" NCT-2	S/2 Sec. 33, T-17-S, R-34-E
State of New Mexico "V"	W/2 Sec. 34, T-17-S, R-34-E
State of New Mexico "T" NCT-2	SW/4 SE/4 Sec. 34, T-17-S, R-34-E
State of New Mexico "X" NCT-1	NE/4 Sec. 3, T-18-S, R-34-E
State of New Mexico "AA" NCT-1	NE/4 NW/4 Sec. 3, T-18-S, R-34-E
State of New Mexico "AA" NCT-2	NW/4 NE/4 and NE/4 NW/4 Sec. 4, T-18-S, R-34-E

It is our understanding that this amendment to Administrative Order CTB-73 is occasioned by the commitment of the subject leases to the West Vacuum Unit area.

Amendment
Administrative Order CTB-73

Gentlemen:

P
Y
Reference is made to Mr. H. N. Wade's letter of December 17, 1962, wherein he requested an amendment to Administrative Order CTB-73 which order authorized the commingling of Vacuum San Andres Pool production from 25 State of New Mexico leases in Townships 17 and 18 South, Ranges 34 and 35 East, NMPM, Lea County, New Mexico. Mr. Wade's request was for authority to commingle Vacuum San Andres production from your State of New Mexico "T" Lease comprising the NW/4 of Section 28, Township 17 South, Range 34 East with your State of New Mexico "D" Lease comprising the NE/4 of Section 32, Township 17 South, Range 34 East and then to commingle this production with the production from the remainder of the leases. It is our understanding that the ownership of the State of New Mexico "T" Lease and the State of New Mexico "D" Lease is identical throughout.

Administrative Order CTB-73 is hereby amended to include your State of New Mexico "T" NCT-4 Lease in the commingling authority authorized therein.

Very truly yours,

A. L. PORTER, Jr.,
Secretary-Director

Amendment
Administrative Order CTB-73

Attention: Mr. J. G. Blevins, Jr.

Gentlemen:

O
Reference is made to your application dated October 29, 1964, wherein you request an amendment to Administrative Order CTB-73 to include in the commingling authority contained in that order your State of New Mexico "R" (NCT-4) Lease consisting of 77.72 acres, being the N/2 NW/4 of Section 7, Township 18 South, Range 35 East, Vacuum Grayburg-San Andres Pool, Lea County, New Mexico.

P
Y
Administrative Order CTB-73, dated December 8, 1961, provides for the commingling of twenty-five of your State of New Mexico Leases in Townships 17 and 18 South, Ranges 34 and 35 East, Vacuum Grayburg-San Andres Pool, Lea County, New Mexico, allocating the production to each of the individual leases having the same beneficiary account on the basis of periodic well tests, followed by commingling of two separate beneficiary accounts after separately metering each of said accounts prior to such commingling. Administrative Order CTB-73 was amended March 4, 1963, to include in the commingling authority your State of New Mexico "T" (NCT-4) Lease in Section 28, Township 17 South, Range 34 East.

It is our understanding that under your present proposal your State of New Mexico "R" (NCT-4) Lease will be commingled with State of New Mexico "R" (NCT-1) and "AB" Leases. Ownership of the three leases is common throughout and allocation of the production to each of the leases will therefore be made on the basis of periodic well tests.

Administrative Order CTB-73 is hereby amended to include your State of New Mexico "R" (NCT-4) Lease.

Very truly yours,

A. L. Porter, Jr.

Re: Application for Addition to Present
Commingled installation, TEXACO Inc.,
Vacuum Pool Consolidation and State
of New Mexico "R" NCT-4 Leases,
Vacuum (San Andres) Pool, Lea County,
New Mexico

ATTENTION: Mr. A. L. Porter, Jr.

Gentlemen:

In accordance with New Mexico Oil Conservation Commission Rule 309 (b) TEXACO Inc. hereby makes application for administrative approval of an exception to Rule 309 (A) to permit commingling operations to be conducted on the State of New Mexico "R" (NCT-4) Lease. On December 8, 1961, the New Mexico Oil Conservation Commission granted TEXACO Inc. administrative approval to commingle 25 leases in the Vacuum (San Andres) Pool, Lea County, New Mexico. At this time it is desirous to commingle the State of New Mexico "R" (NCT-4) Lease with the aforementioned consolidated battery, in support of which is stated the following:

1. TEXACO Inc. is the operator of the State of New Mexico "R" (NCT-4) Lease, consisting of 77.72 acres, being the N/2 of NW/4 of Section 7, Township 18 South, Range 35 East, Lea County, New Mexico. Attached is a plat showing the location of all wells on this lease and the pool from which they are producing.

2. The expected daily liquid hydrocarbon production from the State of New Mexico "R" (NCT-4) Lease is 37 barrels of oil and that from the consolidated facility is approximately 2600 barrels of oil.

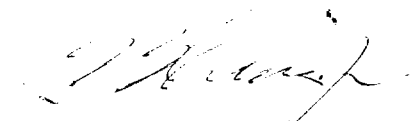

3. Working interest and royalty interest are common on all of the subject leases, however some of the leases have separate beneficiary accounts. These beneficiary accounts consist of Common School (CS) and Military Institute (MI). Permission was granted previously to commingle leases having the same beneficiary accounts based on production tests, then commingle the two

beneficiary accounts together after properly metering each account by the use of temperature compensated P. D. Meters with non-reset counters and vapor-proof samplers. The State of New Mexico "R" (NCT-4) Lease is common school beneficiary and it is proposed to commingle its production with the State of New Mexico "R" (NCT-1) and "AB" Leases which are also common school beneficiaries, refer attached plat. The production will then be metered through the present installation at a point down stream where the CS and MI beneficiaries are commingled.

4. Royalty interest in the subject lease is common and is held in part by the State of New Mexico and a copy of this application is being sent this date to the State Land Office, Box 1148, Santa Fe, New Mexico, requesting their approval in writing of the proposed installation. Immediately upon receipt of this approval, it will be forwarded to the Commission.

In view of the facts recited in this application, it is respectfully requested that administrative approval of an exception to Rule 309 (a) be granted TEXACO Inc. to permit commingling into a common tank battery from the State of New Mexico "R" (NCT04) Lease and the previously commingled leases, in the Vacuum (San Andres) Pool and from all wells which may be completed in this reservoir in the future.

Yours very truly,

Re: Application for Addition to
Commingle Previously approved
Installation of production from
Vacuum Pool and State of New
Mexico "R" (NCT-4) Vacuum (San
Andres) Pool, Lea County, N.M.

Gentlemen:

Thank you for your letter of November 25, 1964, your schematic diagrams, and other pertinent information regarding the above captioned request. With this information, we find that we can approve your request, since there will be no loss of revenue to the State, and since the different institutions will be metered prior to commingling.

This approval is given however, with the understanding that the Commissioner of Public Lands reserves the right to withdraw or amend his approval at any time should a loss of revenue occur through its cancellation.

Very truly yours,

E. S. JOHNNY WALKER,
Commissioner of Public Lands

Gentlemen:

TEXACO Inc. respectfully submits the information requested by your letter, dated November 13, 1964, above reference. The Area Plat indicates the respective metering satellite stations to which each pertinent well is connected. Production of each royalty beneficiary, Common Schools or Military Institute, is separately metered prior to being routed to the central battery gathering system. This production is measured by temperature compensated meters, details of which may be seen on the "Schematic-Typical Satellite Station".

Your request for this information is appreciated and should more be desired TEXACO will willingly furnish it.

Yours very truly,

Amendment
Administrative Order CTB-73

Gentlemen:

Reference is made to Mr. H. N. Wade's letter of December 17, 1962, wherein he requested an amendment to Administrative Order CTB-73 which order authorized the commingling of Vacuum San Andres Pool production from 25 State of New Mexico leases in Townships 17 and 18 South, Ranges 34 and 35 East, NMPM, Lea County, New Mexico. Mr. Wade's request was for authority to commingle Vacuum San Andres production from your State of New Mexico "T" Lease comprising the NW/4 of Section 28, Township 17 South, Range 34 East with your State of New Mexico "D" Lease comprising the NE/4 of Section 32, Township 17 South, Range 34 East and then to commingle this production with the production from the remainder of the leases. It is our understanding that the ownership of the State of New Mexico "T" Lease and the State of New Mexico "D" Lease is identical throughout.

Administrative Order CTB-73 is hereby amended to include your State of New Mexico "T" NCT-4 Lease in the commingling authority authorized therein.

Very truly yours,

A. L. PORTER, Jr.,
Secretary-Director
