Attention: David L. Wacker
Division Manager

Administrative Order NSP-392 (Amended)

Dear Mr. Wacker:

Division Administrative Order NSP-392, dated September 25, 1957, authorized a 160-acre non-standard gas spacing and proration unit for the Eumont Gas Pool, consisting of the W/2 W/2 of Section 14, Township 21 South, Range 36 East, NMPM, Lea County, New Mexico, to be dedicated to the Lockhart "B-14" Well No. 5 located 1980 feet from the South line and 660 feet from the West line (Unit L) of said Section 14.

Per your letter dated June 1, 1988, it is my understanding that said Well No. 5 has been contributed to the Chevron U.S.A., Inc. Eunice Monument South Unit Waterflood Project and is no longer producing from Eumont Gas Pool.

#10 By authority granted me under the provisions of the Special Rules and Regulations for the Eumont Gas Pool as promulgated by Rule 2(a)4 of Division Order No. R-8170, as amended, the above-described 160-acre non-standard gas spacing and proration unit is hereby dedicated to the applicant's proposed Lockhart "B" Well No. 5 to be located at a standard gas well location 2280 feet from the North line and 660 feet from the West line (Unit E) of said Section 14.
