Re: Application for a Non-standard
Gas Proration Unit to be assigned
Sinclair's Wm. H. Harrison "D" WN
No. 4 in the Jalmat Pool, Lea
County, New Mexico

Gentlemen:

Sinclair Oil & Gas Company wishes to make this application for an order under Rule R-520 which will establish a Non-standard Gas Proration Unit of 160 acres to be assigned to subject well.

In this connection Sinclair wishes to state:

1. Sinclair is the operator of the Wm. H. Harrison "D" WN No. 4 which is located in Unit L of Section 29, T24S, R37E, Lea County, New Mexico.
2. The Non-standard Proration Unit Sinclair seeks to have assigned to subject well consists of Sinclair's Wm. H. Harrison "D" WN lease which contains 160 acres and is located in SW/4 of Section 29, T24S, R37E. Subject well is located 1980 feet from south line and 660 feet from west line of this Unit. Subject well was originally drilled and completed in the Langlie Mattix Pool on August 29, 1937. It is proposed that subject well will be dually-completed in the Jalmat and Langlie Mattix Pools.
3. The length or width of the proposed Unit does not exceed 5280'. Both the royalty and leasehold interests are common under this proposed Unit.
4. All the acreage within the proposed Unit may reasonably be presumed productive of gas.
5. The proposed Unit lies wholly within a single governmental section and consists of contiguous quarter-quarter sections.
6. The proposed Unit is shown on the enclosed plat, and by copy of this letter of application all operators owning interests in this section and all operators within 1500' of the proposed unit are notified by certified mail of the intent of Sinclair to form the proposed non-standard gas proration unit.

Page No. 2

Sinclair, therefore, requests that the Secretary of the Commission approve the above described non-standard gas proration unit.

Very truly yours,

SINCLAIR OIL & GAS COMPANY

Fred Burns
District Superintendent
