Dear Mr. Ramey:

Holly Energy, Inc. seeks administrative approval of a non-standard gas unit under the provisions of paragraph D.II. of Rule 104 of New Mexico Oil Conservation Commission Rules and Regulations dated January 1, 1976. The proposed location borders the McMillan-Morrow Gas Pool, which was created by the Commission on June 8, 1965 in order no. R2917, Case no. 3252, and which established a standard spacing unit of 640 acres for wells in this pool. The pool originally included Section 13-T20S-R26E and Sections 7 and 18-T20S-R27E, and has since been extended to include Section 24-T20S-R26E and Section 19-T20S-R27E.

The non-standard spacing unit requested by Holly Energy, Inc. consists of the 320 acres comprising the north half of Section 23-T20S-R26E.

The proposed well is located at 1980' FNL and 1980' FEL in this half-section, and is projected to the Morrow formation at a total depth of 10,400 feet.

A lease ownership plat of the area of the proposed well is enclosed herewith. Each offset operator is being notified by three copies of this letter (via certified mail) and is asked to indicate waiver of objection, by authorized signature in the space provided below, on two copies of this letter. After signature, offset

operators are requested to mail one signed copy of this letter to Mr. Joe D. Ramey, Secretary-Director, New Mexico Oil Conservation Commission, P.O. Box 2088, Santa Fe, New Mexico 87105, and to return the other signed copy to Mr. Robert Loyd, Holly Energy, Inc., P.O. Box 726, Artesia, New Mexico 88210 in the stamped, self-addressed envelopes enclosed.

Sincerely,

*Robert Loyd*
