Dear Sir:

*E/2 NE/4*

Gulf Oil Corporation requests your administrative approval to assign to the subject well an 80-acre non-standard Blinebry Gas proration unit consisting of Units A and H of Section 30, Township 22 South, Range 38 East, Lea County, New Mexico. The Vivian No. 7 is currently producing from the Blinebry Oil pay and our plans are to abandon the Blinebry Oil and recomplete subject well to the Blinebry Gas pay.

In support of this application the following facts are submitted:

- (1) There are no other wells producing from the Blinebry Pool in this proposed 80-acre non-standard proration unit.
- (2) The attached plat shows the proposed 80-acre non-standard unit and all offset operators.
- (3) All offset operators have been furnished a copy of this application by certified mail.

Your early consideration in this matter will be appreciated.

Yours very truly,

*R. C. Anderson*
