February 23, 1981

Mr. Joe D. Ramey, Director  
Oil Conservation Division  
P.O. Box 2088  
Santa Fe, New Mexico 87501

Dear Mr. Ramey: *NSP-1241*

Subject: Mesa Petroleum Co.  
Jess Federal #1  
660' FSL & 1980' FEL  
Sec. 5, T6S, R25E  
Chaves County, New Mexico  
*186 acres*

*All of partial*

*All of partial*  
*NSP-1242*  
& Jess Federal #2  
660' FSL & 1980' FEL  
Sec. 6, T6S, R25E  
Chaves County, New Mexico  
*188 acres*

Application is hereby made for an administrative approval for a non-standard shaped gas proration unit for the above captioned wells. The locations are orthodox for the Abo formation being applied for and sufficient acreage is available, 185 acres for the Jess Federal #1 and 188 acres for the Jess Federal #2, but due to survey anomalies of these sections as indicated on the attached plat the units must be rectangular in shape instead of square as is normal for 160 acre units.

Expeditious handling of this request and issuance of appropriate administrative order is appreciated.

Yours truly,

*R. E. Mathis*  
R.E. Mathis
