Section 24, T22S, R37E  
Lea County, New Mexico

Dear Sir:

Marathon Oil Company has requested the Oil Conservation Division for administrative approval for a 80 acre non-standard gas proration unit for the above referenced well. The drilling and completion of J. L. Muncy Well No. 6 in the Blinebry is the reason for this acreage reassignment. A proration unit consisting of the SE 1/4 SW 1/4 and the SW 1/4 SE 1/4 of Section 24 is requested for this well. The J. L. Muncy Well No. 3 produces 45 MCFPD; the Well No. 6 produces 10 BOPD, 15 BWPD, and 30 MCFPD.

As stated in the Special Pool Rules for the Blinebry Oil and Gas Pool, the Division Director may grant approval to this application provided no offset operator has entered an objection within 30 days after receiving the application. If you have any questions regarding this matter, please contact this office. Thank you.

Sincerely,

Thomas F. Zapatka
