Re: Unorthodox Location & Reduced Proration Unit Size Petition
Federal 17 #1
Bluitt San Andres Associated Gas Field
Roosevelt County, New Mexico

Dear Mr. Catanach:

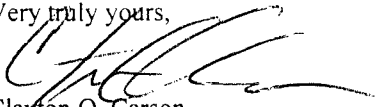

Union Oil of California at this time requests you grant our petition for an unorthodox location exception and reduced proration unit size of 160 acres in the Bluitt San Andres Associated Field for the Union Oil of California, Federal 17 #1 located 660' FSL & 1980' FWL, Sec 17, T-8-S, R-38-E, Roosevelt County, New Mexico.

We have successfully recompleted the above mentioned well in the Bluitt San Andres Field. This well now requires reclassification from oil to gas well in the Bluitt San Andres Associated Field.

The spacing and acreage requirements for the Bluitt San Andres Associated Field are different for those required for the oil field. To meet the requirements of the gas field we are required to file for an unorthodox location exception and reduced proration unit size of 160 acres for the above mentioned wells.

Your prompt consideration of this matter will be greatly appreciated. If you have any questions, please feel free to give me a call.

Very truly yours,

*RE: Application for an Unorthodox Gas Well Location and Non-Standard Gas Proration Unit.
Federal "17" Well No. 1
660'FSL - 1980'FWL (Unit N) of Section 17, Township 8 South, Range 38 East,
NMPM, Bluit-San Andres Associated Pool, Roosevelt County, New Mexico.*

Dear Mr. Carson:

In reviewing the subject application, NMOCD records indicate a producing Bluit-San Andres oil well located to the north in Unit "K", being UNOCAL's Federal "17" Well No. 2 in which the N/2 SW/4 of said Section 17 is dedicated to form a standard 80-acre oil spacing and proration unit.

Rule 5(b) of the "General Rules and Regulations for the Associated Oil and Gas Pools in Northwest and Southeast New Mexico/Special Rules and Regulations for the Bluit-San Andres Associated Pool", as promulgated by Division Order No. R-5353, as amended, prohibits the simultaneous dedication of any acreage to an oil well and a gas well, as it appears your application is requesting.

Should any of my information be incorrect or out-dated, please clarify. If not, you may wish to amend this application and request a S/2 SW/4 "80-acre" dedication for the subject well.

Should you have any questions or comments concerning this matter, please contact me at (505) 827-5811.

Sincerely,

Michael E. Stogner
Chief Hearing Officer/Engineer
