Oil Conservation Division  
P.O. Box 2088  
Santa Fe, New Mexico 87504

Attention: Mr. William J. LeMay - Director

Dear Mr. LeMay:

Chevron U.S.A. Inc. respectfully requests administrative approval to reclassify the Mark No. 11 as a standard Blinbry oil well location and to dissolve the simultaneous dedication on a Blinbry Gas Proration Unit with the Mark No. 7 well.

Well No. 11 needs to be reclassified as an oil well, per OCD guidelines, as the GOR has fallen below 50,000 to 1. A standard 40 acre proration unit is proposed to be dedicated to the Mark No. 11. The location of the proposed proration unit is the NE/4 NE/4, Section 3, T22S, R37E. Well No. 11 is located at 430' FNL and 960' FEL in Section 3, T22S, R37E, Lea County, New Mexico. This well was a standard Blinbry oil well location and became a non-standard gas well location upon OCD Administrative Order NSP-1716(SD)(L).

A copy of this administrative application is being provided to our offset operators via Certified Mail. Attached is a commercial map and a Form C-102 plat illustrating the proration unit acreage and well location. Also included is a copy of the letter sent to our offset operators.

If you have any questions, or if you require further information, please contact Michelle LeVan at (915) 687-7307.

Sincerely,

M. L. LeVan  
Petroleum Engineer  
New Mexico Area
