Re: Application for 40-acre Non-Standard
Proration Unit
Dean State No. 1 - Dean Permo-Pennsylvanian Pool
NE/4 NW/4, Section 35, T-15S, R-36E
Lea County, New Mexico

Dear Mr. LeMay:

Lynx Petroleum Consultants, Inc. (Lynx) respectfully requests administrative approval for a 40-acre non-standard proration unit for the Dean State No. 1, located NE/4 NW/4, Section 35, T-15S, R-36E, Lea County, New Mexico.

NMOCC Order No. R-892 established 80-acre proration units for the Dean Permo-Pennsylvanian Pool. Further development of the pool has occurred on 40-acre spacing. Past exceptions to the special rules and regulations for the Dean Permo-Pennsylvanian Pool have been granted in Order R-8198 (NW/4 SW/4, Section 35), Administrative Order NSP-1484 (SW/4 NW/4, Section 35), and Administrative Order NSP-1488 (SE/4 NW/4, Section 35).

The subject well was drilled and produced from the Dean Devonian Pool and the Dean Atoka Pool. Lynx proposes to recomplete the well in the Dean Permo-Pennsylvanian Pool.

Notification has been made to all offset operators by certified mail, return receipt requested. Waivers to objections of this application were solicited. A list of the offset operators is attached.

I have included a C-102 plat of the proposed 40-acre non-standard proration unit for the Dean State No. 1, an ownership map of the area, and a list of offset operators.

Sincerely,

LYNX PETROLEUM CONSULTANTS, INC.

Marc Wise
