Re: Extension of Authority to Inject
Division Order No. R-11375
West Teas (Yates-Seven Rivers) Unit
Lea County, New Mexico

Dear Mr. Kellahin:

Reference is made to your letter dated April 1, 2002, whereby you requested an additional one year period in which to implement waterflood operations within six injection wells, as shown on Exhibit "A" attached hereto, within the West Teas (Yates-Seven Rivers) Unit Waterflood Project. Pursuant to the August 28, 2001 extension letter, the authority to inject into these wells will expire on May 18, 2002, if the operator has not commenced injection operations.

For the reasons outlined in your letter, Chesapeake Operating, Inc. is hereby granted an additional one year period in which to implement waterflood operations within the West Teas (Yates-Seven Rivers) Unit Waterflood Project. The injection authority for the six wells shown on Exhibit "A" shall terminate on May 18, 2003, if the operator has not yet commenced injection operations.

Please note that no additional extensions to this order will be granted.

Sincerely,

Lori Wrotenbery

Director
