Re: Case No. 13267: Application of Chesapeake Operating, Inc. for an unorthodox gas well location and to terminate Order No. R-11432-A, Lea County, New Mexico.

Dear Ms. Prukop:

The Notice of Hearing provided to Yates by Chesapeake in this case erroneously identified the subject well as being located in **Section 5** of Township 16 South, Range 35 East, NMPM instead of **Section 15**. Because of this error, Yates did not realize that Chesapeake was seeking approval of a well only 330 feet from its acreage and its witnesses now have conflicts in their schedules that will prevent them from being present at the May 13th examiner hearing.

Yates Petroleum Corporation requests that the hearing on the above referenced application currently scheduled for May 13th be continued to the May 27, 2004 examiner hearing docket.

Your attention to this request is appreciated.

Very truly yours,

William F. Carr

**STATEMENT OF CASE**

**OPPOSITION**

Yates Petroleum Corporation opposes the application of Chesapeake for approval of an unorthodox location for its Boyce "15" Well No. 5 in Unit B of Section 15, Township 16 South, Range 35 East, NMPM, Lea County, New Mexico, in the North Shoe Bar-Atoka Gas Pool. Although this well was only permitted as a Strawn test, Chesapeake drilled through the Strawn formation and completed the well in the deeper Atoka formation. While the well location was standard in the Strawn it is unorthodox in the Atoka. Yates is the operator of the offsetting acreage on which the Chesapeake well encroaches. A well at the Chesapeake location will drain Atoka reserves from Yates and its location 330 feet from the common spacing unit boundary line could prevent Yates from drilling an economic offset Atoka well. If this location is approved, the Division should severely penalize the well to offset the advantage Chesapeake is gaining on Yates and to discourage future disregard for Oil Conservation Division rules.

The Notice of Hearing provided to Yates incorrectly identified the location of the well. Yates did not discover the error until its witnesses had conflicts that prevent them from being at the hearing. Yates Petroleum Corporation will request that the hearing be continued to the May 27th examiner hearing docket.
