Subject: RE: Change of Operator

All the wells operated by Saba are to be transferred to Greka.
Saba is a wholly owned subsidiary of Greka. When Greka became a publicly traded company the assets of Greka as well as liabilities were transferred to Greka. Saba will be dissolved at a later date and no longer be a legal entity.

Good Morning Mr. Bramlett:

I received your fax yesterday. Are all the wells currently operated by Saba Energy of Texas, Inc. going to be transferred to Greka AM, Inc.? I will be in class this morning from 8:00 - 12:00. I will get back with you regarding this transfer when I return to my office this afternoon.

Thank you.
