**CASE NO. 13336**

**Affidavit of Jane Prouty**

STATE OF NEW MEXICO   )  
  ) SS.  
COUNTY OF SANTA FE   )

Jane Prouty, being first duly sworn on oath, states as follows:

1. I am employed as the supervisor of production and permitting at the Santa Fe, New Mexico office of the Oil Conservation Division ("OCD").
2. My duties include maintaining records of oil and gas production and injection on wells located in New Mexico.
3. The OCD's information on production and injection comes from monthly production reports filed by the well operators.
4. In 1993 the OCD began using the ONGARD (Oil and Natural Gas Administration and Revenue Database) to record oil and gas production and injection by well. Since 1993, production and injection data from the monthly production reports filed by operators has been entered into ONGARD.
5. When the OCD began using the ONGARD system in 1993, it converted existing production and injection data into ONGARD for those wells that were not shown as "plugged" according to the OCD records available at that time. The pre-1993 production and injection information for each such well was totaled and appears in ONGARD.

**Before the OCD  
Case 13336  
OCD Ex. 2**

6. I have researched the ONGARD records for production and injection information regarding well API # 30-025-22098. ONGARD shows that September 1985 was the last month production was reported for this well.

7. I researched the error files for reports on API # 30-025-22098 and found no record of any attempt to submit production or injection information for this well in ONGARD.

THIS CONCLUDES MY AFFIDAVIT.
