APPLICANT'S STATEMENT OF THE CASE

KC Resources Inc. (KC) is the operator of record of two wells located in Lea County, New Mexico that have been inactive for a continuous period exceeding one year plus ninety days. KC has posted a \$50,000 blanket bond with Frontier Insurance Company to secure its obligation to plug those wells. The Division files this amended application pursuant to 19.15.3.101.M NMAC, seeking an order requiring KC to bring the wells into compliance with 19.15.4.201 NMAC by plugging the wells, placing them on temporary abandonment status, or returning them to a Division-approved beneficial use by April 15, 2005. KC has represented to the Division that it can bring the two wells into compliance by that date.

If KC fails to meet the April 15, 2005 compliance deadline, the Division seeks a remedy under NMSA 1978, Section 70-2-14(B), which provides:

If any of the requirements of the Oil and Gas Act or the rules promulgated pursuant to that act have not been complied with, the oil conservation division, after notice and hearing, may order any well plugged and abandoned by the operator or surety or both in accordance with division rules. If the order is not complied with in the time period set out in the order, the financial assurance shall be forfeited.

The Division requests that if both wells are not brought into compliance by April 15, 2005, that KC be required to plug and abandon both wells by April 30, 2005. And if KC fails to meet this plugging deadline, the Division requests authority to forfeit immediately the financial assurance posted by KC, and authority to plug the wells.

STATEMENT OF THE CASE

OPPOSITION OR OTHER PARTY

K. C. Resources has corrected three of the five non-compliance items outlined in the Division's original Application and is currently performing the necessary work to bring the remaining items (the Lea YH State No. 2 and No. 4 wells) into compliance. Accordingly, KC Resources believes the penalties and certain other relief sought by the Division are inappropriate and otherwise unnecessary.
