CASE NO. 13257

Affidavit of Jane Prouty

STATE OF NEW MEXICO)
) SS.
COUNTY OF SANTA FE)

Jane Prouty, being first duly sworn on oath, states as follows:

1. I am employed as the supervisor of production and permitting at the Santa Fe, New Mexico office of the Oil Conservation Division ("OCD").
2. My duties include maintaining records of oil and gas production and injection on wells located in New Mexico.
3. The OCD's information on production and injection comes from monthly production reports filed by the well operators.
4. In 1993 the OCD began using the ONGARD (Oil and Natural Gas Administration and Revenue Database) to record oil and gas production and injection by well. Since 1993, production and injection data from the monthly production reports filed by operators has been entered into ONGARD.
5. When the OCD began using the ONGARD system in 1993, it converted existing production and injection data into ONGARD for those wells that were not shown as "plugged" according to the OCD records available at that time. The pre-1993 production and injection information for each such well was totaled and appears in ONGARD as 1992 production or injection for that well.

**Case 13257
OCD Ex. 6**

6. I have researched the ONGARD records for production and injection information regarding well API # 30-025-22342. ONGARD contains no production or injection records for this well. A printout of the ONGARD pages regarding well API #30-025-22342 is attached as Exhibit A to this affidavit.

7. I researched the error files for reports on API # 30-025-22342, and found no record of any attempt to submit production or injection information for this well in ONGARD.

THIS CONCLUDES MY AFFIDAVIT.
