**STATEMENT OF THE CASE**

**APPLICANT**

OGX Resources LLC seeks an order approving a 160-acre non-standard oil spacing and proration unit (project area) in the Bone Spring formation comprised of the S/2N/2 of Section 25, Township 24 South, Range 28 East, NMPM. Applicant further seeks the pooling of all mineral interests in the Bone Spring formation underlying the non-standard spacing and proration unit (project area) for all pools or formations developed on 40 acre spacing within that vertical extent. The unit is to be dedicated to the Mongo 25 Fed. Com. Well No. 2, a horizontal well with a surface location in the SE/4NE/4, and a terminus in the SW/4NW/4, of Section 25.

This application is filed only to force pool record title owners of a federal lease, so that the Bureau of Land Management will approve a communitization agreement for the well unit.
