AND PRORATION UNIT AND COMPULSORY POOLING, LEA COUNTY, NEW

CASE NO. 15163

APPLICATION

COG Operating LLC ("Concho"), through its undersigned attorneys, hereby makes application to the Oil Conservation Division pursuant to the provisions of NMSA 1978, Section 70-2-17, for an order: (1) creating a non-standard 160-acre, more or less, oil spacing and proration unit in the Brushy Canyon (Delaware) formation, comprised of the E/2 W/2 of Section 17, Township 24 South, Range 32 East, NMPM, Lea County, New Mexico; and (2) pooling all mineral interests in the Brushy Canyon formation underlying this proposed non-standard spacing and proration unit. In support of this application, Concho states as follows:

1. Concho is an interest owner in the subject lands and has the right to drill a well thereon.
2. Concho seeks to dedicate the E/2 W/2 of said Section 17 to the proposed well to form a non-standard 160-acre, more or less, oil spacing and proration unit (the "project area").
3. Concho proposes to drill the Goldfinger Fed Com No. 2H well to a depth sufficient to test the Brushy Canyon formation. Both the surface location and the bottom-terminus location will be at standard locations. The completed interval for this well will be within the 330-foot standard offset required by the rules.

4. Concho has sought but been unable to obtain a voluntary agreement from all mineral interest owners in the Brushy Canyon formation underlying the proposed project area to participate in the drilling of the well or to otherwise commit their interests to the well.
5. Approval of the non-standard unit and the pooling of all mineral interests in the Brushy Canyon formation underlying the proposed project area will prevent the drilling of unnecessary wells, prevent waste and protect correlative rights.
6. Notice of this application has been given in accordance with Division rules as shown on Exhibit A.

WHEREFORE, COG Operating LLC requests this application be set for hearing before an Examiner of the Oil Conservation Division on June 26, 2014, and after notice and hearing as required by law, the Division enter its order:

- A. Creating a non-standard oil spacing and proration unit ("project area") in the Brushy Canyon formation comprised of the E/2 W/2 of Section 17, Township 24 South, Range 32 E, NMPM, Lea County, New Mexico;
- B. Pooling all mineral interests in the Brushy Canyon formation underlying this non-standard spacing and proration unit/project area;
- C. Designating Concho as operator of this unit and the well to be drilled thereon;
- D. Authorizing Concho to recover its costs of drilling, equipping and completing this well;
- E. Approving actual operating charges and costs charged for supervision, together with a provision adjusting the rates pursuant to the COPAS accounting procedure; and

F.. Setting a 200% charge for the risk involved in drilling and completing the well in the event a working interest owner elects not to participate in the well.

Respectfully submitted,

Re: Application for a non-standard spacing and proration unit and compulsory pooling, Lea County, New Mexico.

Ladies and Gentlemen:

This letter is to advise you that COG Operating LLC has filed the enclosed applications with the New Mexico Oil Conservation Division seeking a non-standard spacing and proration unit and compulsory pooling, Lea County, New Mexico.

This application has been set for hearing before a Division Examiner at 8:15 a.m. on July 24, 2014. The hearing will be held in Porter Hall in the Oil Conservation Division's Santa Fe Office located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 1208.B to file a Pre-Hearing Statement four days in advance of a scheduled hearing. This statement must be filed at the Division's Santa Fe office at the above-specified address and should include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to hearing.

Sincerely,

Jordan L. Kessler
