Will and Leonard,

Attached are the executed waivers for the protests filed in the NSL applications for the Tiger 14-24S-28E RB 207H, 223H and 227H wells. These cases were also set for hearing on April 14, 2016. If these waivers are sufficient to proceed with granting these NSL applications, Matador would like to dismiss these cases. Please let me know if you have any questions or if need anything else.

In total, Matador has not sent waivers and requested dismissals in all 6 NSL cases, set for hearing on April 14th (15456 – 15461).

Thank you,
Jennifer

Thanks Jennifer.
I believe that Leonard is OK with Case 15456 being dismissed.

Let us know when you receive that last waiver in the other three "Tiger" cases.

Mr. Lowe,

Attached are signed waivers that Matador has received for its NSL application for the Tiger 14-24S-28E RB #203H well from: (1) Guardian Operating Corp., (2) RSC Resources, LP by its General Partner Cogent Energy, Inc., (3) Jeff Dennis, and (4) Jerry Gahr. These waivers resolve all of the objections to this NSL application. Currently, this application is set for hearing in Case No. 15456 on April 14, 2016. In the event these waivers are sufficient to proceed with granting the NSL application, Matador would like to dismiss the above referenced case.

In addition I have received waivers from all by one party who filed a protest in the other Tiger well NSL applications. I will send all of the waivers for each of those cases when I receive the remaining waivers. Please let me know if you have any questions.

Thank you,
Jennifer Bradfute

Ms. Davidson:

Matador would like to have a hearing set on several NSL applications that it filed administratively with Leonard Lowe. These applications were for the following wells:

Janie Conner 13-24S-28E RB 207H

Janie Conner 13-24S-28E RB 226H

Tiger 14-24S-28E RB # 203H

Tiger 14-24S-28E RB # 207H

Tiger 14-24S-28E RB # 223H

Tiger 14-24S-28E, RB # 227H

Since these applications were filed administratively, we do not file a hearing application with the Division, pursuant to Rule 19.15.4.12(E). Could you please set these applications for hearing on the March 17th docket?

Mr. Lowe,

Matador Production Company would like to have its NSL applications for the Janie Conner 13-24S-28E RB 207H and 226H set for hearing. My understanding is that Matador is not required to do anything further in order to have this matter set for hearing. Please see Rule 19.15.4.12(E) NMAC. However, please let me know if you need anything else from me.

If possible, Matador would also like to consolidate these two applications to be heard at the same time.

Mr. Lowe,

RSC Resources, L.P. and Guardian Operating Corp., as affected parties, hereby object to the applications for administrative approval of unorthodox well locations by Matador Production Company for the following wells:

Janie Conner 13-24S-28E RB #207H,
Janie Conner 13-24S-28E RB #226H

I also believe the notice parties listed is not complete because Matador, as Operator of the adjoining spacing unit in S2 14 is supposed to notice the working interest owners affected since they are not common in ownership.
