Counselor:

That's cause the dismissals will be announced at hearing (in the changes to the docket). Plus, this period up to dismissal at hearing was supposed to provide the admin reviewer (Leonard, in these cases) an opportunity to look at the waivers and see if any additional info is needed. And if additional info was needed, then it would have been requested at hearing along with the dismissal of the cases. PRG

Hi All,

I have not received an email stating confirming the dismissal of all of Matador's case numbers 15456-15461. As a result I wanted to follow up and confirm with you that Matador has dismissed these cases and has not planned on presenting anything at today's hearing.

Thanks,
Jennifer

Will and Leonard,

Attached are the executed waivers for the protests filed in the NSL applications for the Tiger 14-24S-28E RB 207H, 223H and 227H wells. These cases were also set for hearing on April 14, 2016. If these waivers are sufficient to proceed with granting these NSL applications, Matador would like to dismiss these cases. Please let me know if you have any questions or if need anything else.

In total, Matador has not sent waivers and requested dismissals in all 6 NSL cases, set for hearing on April 14th (15456 – 15461).

Thank you,
Jennifer
