Case No. 15,506

**UNOPPOSED MOTION FOR CONTINUANCE,
AND REQUEST FOR SPECIAL HEARING DATE**

ConocoPhillips Company ("COP") moves for an order continuing the above cases, and setting them on a special hearing docket, and in support thereof, states:

1. COG Operating LLC ("COG"), in the above cases, requests formation of four 240 acre well units in the Yeso formation, and pooling all mineral interests in the well units. The proposed units cover, collectively, the E/2 of Section 7 and all of Section 8, in Township 17 South, Range 32 East, N.M.P.M.

2. The cases are set for hearing on the July 9th Examiner docket.

3. COP has filed entries of appearance in the above cases. COP objects to the formation of 240 acre well units, but approves of 160 acre well units.

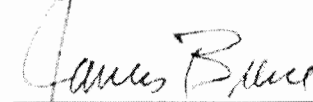

4. COP has witness (and attorney) availability problems with the scheduled July 7th hearing. In addition, COP would like additional time to prepare for hearing.

5. COP anticipates that the hearing could take up to six hours. As a result, it proposes that the cases be set for a special hearing docket.

6. Counsel for COP and COG have discussed this matter. COG does not object to the requested continuance. Also, both parties are available for a special hearing during the week of August 8th.¹

WHEREFORE, COP requests that (i) the above cases be continued from the July 7th docket, and (ii) they be set for a special hearing date, preferably for the week of August 8th.

Respectfully submitted,
