**STATEMENT OF CASE**

**APPLICANT:**

**OPPOSITION OR OTHER PARTY:**

The Fowlkes Mineral Interest Owners own approximately 16% of the mineral interests underlying the proposed spacing unit. Applicant or its related affiliates have made essentially one leasing proposal to the Fowlkes Mineral Interest Owners on terms that, upon information and belief, are below leasing rates for similar drilling proposals. Among other things, Applicant has previously leased the same acreage for over twice of the current bonus proposal of \$1,500 per mineral acre. Through its compulsory pooling application, Applicant is using unfair and predatory leverage to lease the Fowlkes Mineral Interest Owners' mineral interests on its terms. Applicant's "take it or leave it" negotiation tactic does not meet the good faith requirement for New Mexico compulsory pooling statutes and regulations.
