I object to 3/30 as a hearing date. March 2nd should be the date, at the latest. Since Black Mountain was so slow to get off the dime, they should send notice letters to everyone immediately, and the usual 30 day proposal requirement before filing applications must be waived. These matters should not be delayed 4 months from 12/1, the original hearing

date. They have now had 2-1/2 months since Mewbourne sent them proposal letters, and this is nothing but delay, delay, delay.

Jim

Gentlemen:

As requested at our pre-hearing conference today, after conferring, Black Mountain Operating has identified March 30th as the prospective date for a hearing on its development proposal, should such become necessary. Thank you.
