Re: EAST PUERTO CHIQUITO MANCOS  
UNIT 2017 PLAN OF DEVELOPMENT

To Whom It May Concern:

Set out below is Summary of Operations for 2016 and Operator's Plan of Development for 2017.

1. Summary of 2016 Operations:  
No changes have been made in the geologic interpretations, wells or participating area boundaries so no new maps are submitted.  
No new wells were drilled.  
No additional wells have been plugged.  
2016 operations for individual wells are detailed on attached schedule.
2. Listing of status of all wells as of December 31, 2016 is enclosed here as Schedule I.

3. Production and injection statistics are enclosed as Schedule II along with production and injection curves.
4. Plans for development.  
2016 production operations will continue generally unchanged from current operations.
5. Effectiveness of enhanced recovery project (water flood):  
Schedule II states the cumulative oil, gas and water production, and monthly water injection volumes as of December 31, 2016. Please note that gas injection was discontinued after February 2007.
6. Disposition of shut in wells:  
The EPCMU #13 (F-30) will be returned to production this Spring.

We hereby request your approval of this 2017 Plan of Development.

Sincerely,

BENSON-MONTIN-GREER DRILLING CORP.
