Hi Niranjjan,
I hope your weekend was great! I leave work at 10:30am on Fridays, so I just missed your email.

The SRO State Com #43H Comm Agreement is currently on hold due to a term assignment issue with Nearburg. We are still waiting for Nearburg to sign this Comm before sending it to the State for approval. I checked with our Land Specialist a couple of weeks ago and he advised this issue still hadn't been resolved. I will keep you posted as I find out more info. Sorry for the inconvenience! Please feel free to contact me if you have any additional questions. Thank you and Happy Monday!

Good morning Savannah!
Happy Friday! I hope you are having a good day!

I have another SRO well that just came on-line and wanted to check with you if there is a Comm Agreement in the works for it yet, or perhaps it will be added to a Comm for another SRO well? I know many of these will be second wells in already applied-for Comms. The api is 30-015-41141.

Thanks, and hope you have a great weekend!
