Aaron,

Thank you for the clarification. We are OK with you using the previously executed signature pages with the updated CAs for the captioned wells.

Have a good weekend.

Kyle

Kyle,

Take a look at the first page of the comm agreements. We had to change the zone description at Nearburg's request. If you all don't object we should be able to use the executed pages. Thanks.

Janet,

See attached. Can you get me two copies of each of the attached comm agreements and sent to my attention please. Nearburg is executing copies and sending them over by early next week. **The SLO is chomping at the bit for these so if you could get them to me ASAP that would be great.** Let me know if you have any questions. Thank you!
