Randy:

Yes and I look forward to meeting you and John in person. I will come with Aaron Myers, the landman for the area.

Also, thanks for the heads up. That assignment and the former SRO Unit are something I'll want to refresh myself on before we meet.

Thanks
Brent

Brent,

I assume you still plan on coming to Nearburg's office tomorrow around 2PM. We would like to also visit with you about the attached Assignment while you are here, and I wanted to give you a heads-up in that regard. John and I will be meeting on behalf of Nearburg. Please advise who will be here from COG's office.

Thank you,

Sounds good to me. How about Wednesday Oct. 15th in the afternoon? 2:00?

Thanks

Brent,

I am probably the one you need to meet with. I am tied up this week and will only be in Wednesday thru Friday of next week (NMOGA). If possible, can we try to schedule something around October 15th? We have done some research but are not quite finished.

Thank you,

Kathie:

To be clear, what I am envisioning is Nearburg ratifying the existing JOAs as to the one appropriate section only, not the entire contract area(s).

Thanks
Brent

Kathie:

If it would be helpful for me to meet in person at your office to review all of this, I would be pleased to do so. I think we are close to getting everything worked out on these two sections and would really like to finish them off.

I would like some feedback on our proposed form of APO re-assignment, since the farmout agreement(s) are silent on them.

I also hope is going to be possible for you to join our existing JOAs on the Way South/FUN State and Cluster sections instead of using the ones attached to the farmouts so we won't have to operate under two separate JOAs.

I can go ahead and send the re-assignments around for approval and signature, but I think it would be better for everyone if we at least have a discussion about these items before I do that.

Thanks
Brent

Brent,

It looks like we need to talk. I'm pretty tied up through Wednesday afternoon, but maybe we can visit Thursday or Friday.

I'll wait to hear from you and I look forward to working on getting this taken care of for all involved.

Thanks Brent ---even thou APO Assignments haven't been made on all of the Cluster State and F.U.N. wells...we're getting paid our APO interest. So was wondering if there's any reason why we haven't received any APO revenue interest on the Way South #4H?

By copy of this email - I'm requesting that Randy Howard (our Land Manager in Midland) give you a call to discuss the APO Assignment form and JOA issue.

Thanks

Kathie:

I have the form of the APO assignments ready but before we execute them I like to talk to someone about the possibility of having you join our existing JOAs instead of using the one attached to the farmout agreements so we wouldn't be operating under two separate JOAs. However, I've received a jury summons and will be hard to reach this week.

Thanks
Brent

Just wondering how things were coming along with getting us the BPO/APO Division Orders for the Way South State #4H (and paid our APO interest since February, 2013)? Know you're working on this as hard and quickly as you can but sure would like to get this well removed from my list]

Thanks
