Mr. Examiner Jones:

The Compliance and Enforcement Bureau has been in contact with Don Hanosh of Enerdyne LLC, and of the two wells that require additional financial assurance, one has been plugged and the other is very close to having completed its plugging procedure. Therefore, I request a continuance to the Dec. 21 docket for some additional time to resolve this matter outside of hearing. Mr. Hanosh does not object to this continuance.

Please let me know if you require anything further.

Thank you

Keith Herrmann

Florene:

I will be out of the office (and country) next week and therefore will be unable to present the compliance and enforcement bureau's case in OCD case 15800. We have also been in constant communication with the operator and believe we will be able to achieve compliance given the additional time. Therefore I request that the case be continued to the November 30<sup>th</sup> docket. Please let me know if you require anything further.

Thank you

Keith Herrmann

Florene,

The compliance and enforcement bureau has continually been in contact with this operator and believe we can resolve this case outside of hearing. Therefore we request another 30 day continuance to the November 9<sup>th</sup> OCD Examiner hearing. Please let me know if you need any other information.
