Dear Mr. Duffy:

All of the submitted Hilcorp 2018 Plans of Development (POD) for Federal units located in San Juan and Rio Arriba Counties, New Mexico are approved as of March 9, 2018. A POD is required to be filed yearly by the unit operator and not later than March 1 of each year. No extension of time will be granted unless an Unavoidable Delay where justified. The list of units below identifies all POD's which were submitted and approved.

It is noteworthy that Hilcorp is actively working over their wells and has submitted an overall 2018 plan to continue with recompletions and the drilling of new wells in some units such as the four planned wells in the Allison unit.

The Huerfano and Huerfanito unit POD's were looked at closely because they contain Navajo allotted lands and the BLM has a trust responsibility to ensure their diligent development occurs. The allotments within the Huerfano unit are not committed to the unit and thus allocate to communization agreements while the Huerfanito unit has three allotments with production allocated to them from four participating areas. The Huerfanito unit allotments will be looked at for their diligent development.

If you have questions regarding the above unit, please contact Joe Hewitt at (505) 564-7740 or [jhewitt@blm.gov](mailto:jhewitt@blm.gov).

Sincerely,

Richard Fields,
