Eddy County, New Mexico

Dear Mr. Young:

OXY USA Inc. (hereinafter "OXY") hereby proposes the drilling, completing and equipping of the Nimitz MDP1 13 Federal Com 1H Well. The well has an approximate spud date of July 3, 2018. The well will be drilled at the referenced surface location to its terminus at the referenced bottom hole location in Section 13, Township 24 South, Range 30 East, Eddy County, New Mexico, in order to test the 2nd Bone Spring Formation with an estimated total vertical depth ("TVD") of 9,926 feet and an estimated measured depth of 15,900 feet. We have enclosed a plat reflecting the proposed well along with a detailed description of the total estimated cost to drill and complete the well which is set out on the enclosed authority for expenditure ("AFE").

This well was originally proposed to EOG Resources, Inc. under letter dated October 17, 2017. At that time, OXY also included a proposed Operating Agreement ("JOA") covering all of Section 13, T24S-R30E, Eddy County, New Mexico, which is comprised of 640 acres as to the Bone Spring Formation.

If you would like to participate in this well, please indicate your election to participate in the drilling, completing, and equipping of the proposed well by executing and returning one copy of this letter, the AFE, and the JOA, to my attention at the letterhead address. In the event you do not wish to participate, as you know, OXY is willing to consider a potential trade of your interest.

If you have any questions or would like to discuss this proposal in greater detail, please feel free to contact me.

Sincerely,

OXY USA Inc.

We have enclosed a plat reflecting the proposed well along with a detailed description of the total estimated cost to drill and complete the well which is set out on the enclosed authority for expenditure ("AFE").

This well is being proposed under that certain Operating Agreement ("JOA") that was proposed and sent to EOG Resources, Inc. under letter dated October 17, 2017. The JOA as proposed covers all of Section 13, T24S-R30E, Eddy County, New Mexico, being comprised of 640 acres as to the Bone Spring Formation.

Ladies & Gentlemen:

This letter is to advise you that OXY USA Inc. has filed the enclosed application with the New Mexico Oil Conservation Division. This application will be set for hearing before a Division Examiner at 8:15 a.m. on March 8, 2018. The hearing will be held in Porter Hall in the Oil Conservation Division's Santa Fe Offices located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. This statement must be filed at the Division's Santa Fe office at the above specified address and should include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this matter please contact Stacy Rojas, at (713) 215-7541 or stacy_rojas@oxy.com.

This letter is to advise you that OXY USA Inc. has filed the enclosed application with the New Mexico Oil Conservation Division. *Your interests are not being pooled under this application*, but as a lessee or operator in an offsetting tract, you are entitled to notice of this application.

This application has been set for hearing before a Division Examiner at 8:15 AM on March 8, 2018. The hearing will be held in Porter Hall in the Oil Conservation Division's Santa Fe Offices located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 19.15.4.13.B to file a Pre-Hearing Statement with the Oil Conservation Division's Santa Fe office, four business days in advance of a scheduled hearing, but at least on the Thursday preceding the hearing. This statement must include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this matter please contact Stacy Rojas, at (713) 215-7541 or stacy_rojas@oxy.com.
