Dear Ms. Binon:

The Encana 2018 Plan of Development for the Escrito Gallup Unit (EGU) located in San Juan and Rio Arriba Counties, New Mexico is approved as of May 23, 2018 because there is a plain to do remedial work on the Escrito Gallup Unit #10 well to potentially bring it back into production. Encana currently has no plans for vertical or horizontal well development within the unit because it is currently uneconomic to do so.

There are no Allotted or Tribal lands within the unit and there are currently seven producing and two wells in shut-in status.

If you have questions regarding the above unit, please contact me at (505) 564-7740 or [jhewitt@blm.gov](mailto:jhewitt@blm.gov).

Sincerely,

Richard Fields,
