

**BEFORE THE OIL CONSERVATION DIVISION
EXAMINER HEARING NOVEMBER 15, 2018**

CASE No. 16407 & 16435

*BRAD DYER FEDERAL NO 205H WELL
BRAD DYER FEDERAL NO 202H WELL*

LEA COUNTY, NEW MEXICO

**STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION**

**APPLICATION OF MATADOR PRODUCTION COMPANY
FOR A NON-STANDARD SPACING AND
PRORATION UNIT AND COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO.**

CASE NO. 16435

**APPLICATION OF MATADOR PRODUCTION COMPANY
FOR A NON-STANDARD SPACING AND
PRORATION UNIT AND COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO.**

CASE NO. 16407

**AFFIDAVIT OF TREY GOODWIN IN SUPPORT OF
CASE NOS. 16435 AND 16407**

Trey Goodwin, of lawful age and being first duly sworn, declares as follows:

1. My name is Trey Goodwin. I work for MRC Energy Company, an affiliate of Matador Production Company ("Matador"), as an Area Land Manager.
2. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum land matters. My credentials as a petroleum landman have been accepted by the Division and made a matter of record.
3. I am familiar with the two applications filed by Matador in these consolidated cases, and I am familiar with the status of the lands in the subject areas.
4. None of the proposed pooled parties in these cases has indicated opposition, and therefore I do not expect any opposition at the hearing.
5. In Case No. 16435, Matador is seeking an Order (a) pooling all uncommitted mineral interests in the Wolfcamp formation underlying the 160-acre horizontal spacing unit comprised of the E/2 W/2 of Section 35, Township 22 South, Range 32 East, NMPM, Lea

County, New Mexico; and (b) dedicating the horizontal spacing unit for the proposed **Brad Dyer Federal No. 202H Well**. Matador hereby dismisses its request for a non-standard spacing unit in Case No. 16435.

6. In Case No. 16407, Matador is seeking an Order (a) pooling all uncommitted mineral interests in the Wolfcamp formation underlying the W/2 W/2 of Section 35, Township 22 South, Range 32 East, NMPM, Lea County, New Mexico; and (b) dedicating the horizontal spacing unit for the proposed **Brad Dyer Federal No. 205H Well**. Matador hereby dismisses its request for a non-standard spacing unit in Case No. 16407.

7. Matador has received approved federal APDs for the proposed Brad Dyer Federal No. 202H Well and Brad Dyer Federal No. 205H Well which inadvertently placed the wells into a gas pool. Paul Kautz has informed Matador that both wells will be placed into a wildcat Wolfcamp Oil Pool (Pool Code 98286). Matador has prepared draft Form C-102s for filing with the Division for the proposed Brad Dyer Federal No. 202H Well and the proposed Brad Dyer Federal No. 205H Well that will be submitted as sundries to the Division. Those draft C-102s are attached hereto as **Matador Exhibit A-1** and **Matador Exhibit A-2**, respectively. The C-102s show that Pool Code 98286 will be assigned to both wells.

8. The completed intervals for the proposed wells will remain within the standard offset required by the statewide rules set forth in 19.15.16.15 NMAC.

9. **Matador Exhibit A-3** is an exhibit prepared by me that identifies the tracts of land comprising the horizontal spacing units in Case Nos. 16435 and 16407. The proposed wellbores are marked in blue. These horizontal spacing units include federal land only.

10. **Matador Exhibit A-4** lists the parties that Matador is seeking to pool in these consolidated cases. Matador is seeking to pool Quantum Equities, which is the only working

interest with record title other than Matador. Although Quantum Equities has record title as a working interest owner, Matador understands that the sole owner of Quantum Equities is now deceased and so, out of an abundance of caution, Matador has also provided notice of this application to what Matador's title shows to be the deceased owner's estate, through Jeanne Milholland, Successor Trustee for the JG Living Trust.

11. Matador is also seeking to pool the overriding royalty interest owners identified on Matador Exhibit A-4.

12. There are no depth severances in either of these consolidated cases.

13. Matador sent a well proposal letter to Quantum Equities, as well as Jeanne Milholland, Successor Trustee for the JG Living Trust, in Case No. 16435. An AFE was included with the well proposal letter. The costs reflected in the AFE are consistent with what other operators have incurred for drilling similar horizontal wells in the area. A copy of the well proposal letter, along with the AFE, is attached as **Matador Exhibit A-5**.

14. Matador sent a well proposal letter to Quantum Equities, as well as Jeanne Milholland, Successor Trustee for the JG Living Trust, in Case No. 16407. An AFE was included with the well proposal letter. The costs reflected in the AFE are consistent with what other operators have incurred for drilling similar horizontal wells in the area. A copy of the well proposal letter, along with the AFE, is attached as **Matador Exhibit A-6**.

15. Matador has made an estimate of overhead and administrative costs for drilling and producing the proposed wells. It is \$7,000/month while drilling, and \$700/month while producing. These costs are consistent with what other operators are charging in this area for these types of wells. Matador respectfully requests that these administrative and overhead costs be incorporated into any orders entered by the Division in these consolidated cases.

16. In my opinion, Matador has made good faith efforts to reach an agreement with the parties it is seeking to pool. If Matador reaches an agreement with any of the proposed pool parties before the Division enters an order, I will let the Division know that Matador is no longer seeking to pool those parties.

17. I provided the law firm of Holland & Hart LLP a list of names and addresses for the proposed pool parties. The names and last known addresses are included in Exhibit C. In compiling these notice lists, Matador conducted a diligent search of all public records in the county where the proposed wells are located and of phone directories, including computer searches. All parties were locatable.

18. **Matador Exhibit A-1 through A-6** were either prepared by me or compiled under my direction and supervision.

Re: Matador Production Company – Brad Dyer Fed Com 35-22S-32E AR #205H (the “Well”)
Participation Proposal
Section 35, Township 22 South, Range 32 East
Lea County, New Mexico

Dear Sir/Madam:

MRC Permian Company (“MRC”) proposes the drilling of Matador Production Company’s Brad Dyer Fed Com 35-22S-32E AR #205H well, located in Section 35, Township 22 South, Range 32 East, Lea County, New Mexico to the Wolfcamp formation.

In connection with the above, please note the following:

- The estimated cost of drilling, testing, completing, and equipping the Well is \$8,830,145 as found on the enclosed AFE dated March 27, 2018.
- The proposed surface location of the Well is approximately 329’ FSL and 889’ FWL of Section 35, Township 22 South, Range 32 East, Lea County, New Mexico. The proposed bottom hole location of the subject well is approximately 240’ FNL and 990’ FWL of Section 35, Township 22 South, Range 32 East, Lea County, New Mexico.
- The Well will have a targeted interval within the Wolfcamp formation. We plan to drill the Well horizontally in the Wolfcamp (~12,370’ TVD) to a Total Measured Depth of approximately 17,400’ resulting in a productive lateral of approximately 4,500’.

MRC reserves the right to modify the locations and drilling plans described above in order to address topography, cultural or environmental concerns, among other reasons. MRC will advise you of any such modifications.

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. A-5
Submitted by: **Matador Resources Company**
Hearing Date: November 15, 2018
Case No 16407 & 16435

Quantum Equities will own an approximate 0.05000000 working interest in the Well based on the JOA, subject to title verification.

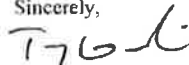

MRC requests that you indicate your election to participate in the drilling and completion of the Well in the space provided below, sign and return one (1) copy of this letter to the undersigned.

MRC is proposing to drill the Well under the terms of the modified 1989 AAPL form of Operating Agreement which is enclosed for your review and approval. The enclosed Operating Agreement dated April 4, 2018, by and between Matador Production Company, as operator and MRC Permian Company et al as Non-Operators, covers the W/2 of Section 35, Township 22 South, Range 32 East, Lea County, New Mexico and has the following general provisions:

- 100/300/300 Non-consenting penalty
- \$7,000/\$700 Drilling and Producing rate
- Matador Production Company named as Operator

If your election is to participate in the drilling and completion of the Well, please sign and return a copy of the enclosed AFE within thirty (30) days of receipt of this notice. Additionally, if your election is to participate, please accept this letter as an invoice notice and request for payment. Please remit payment for your proportionate share of costs in the amount of \$ \$441,507.25 to Matador Production Company on or before thirty (30) days after receipt of this estimate and invoice. Please be aware that the enclosed AFE is only an estimate of costs to be incurred and by electing to participate in the Well, each working interest owner shall be responsible for their proportionate share of all costs incurred. .

Sincerely,

Trey Goodwin

Enclosure(s)

Please elect one of the following and return to sender.

_____ Quantum Equities hereby elects to participate for its proportionate share of the costs detailed in the enclosed AFE associated with the Matador Production Company's Brad Dyer Fed Com 35-22S-32E AR #205H well, located in Lea County, New Mexico.

_____ Quantum Equities hereby elects not to participate for its proportionate share of the costs detailed in the enclosed AFE associated with the Matador Production Company's Brad Dyer Fed Com 35-22S-32E AR #205H well, located in Lea County, New Mexico.

_____ Quantum Equities is interested in selling its interest in this unit, please contact us to discuss.

Re: Matador Production Company – Brad Dyer Fed Com 35-22S-32E AR #202H (the “Well”) Participation Proposal
Section 35, Township 22 South, Range 32 East
Lea County, New Mexico

Dear Sir/Madam:

MRC Permian Company (“MRC”) proposes the drilling of Matador Production Company’s Brad Dyer Fed Com 35-22S-32E AR #202H well, located in Section 35, Township 22 South, Range 32 East, Lea County, New Mexico to the Wolfcamp formation.

In connection with the above, please note the following:

- The estimated cost of drilling, testing, completing, and equipping the Well is \$8,829,145 as found on the enclosed AFE dated March 27, 2018.
- The proposed surface location of the Well is approximately 330’ FSL and 2159’ FWL of Section 35, Township 22 South, Range 32 East, Lea County, New Mexico. The proposed bottom hole location of the subject well is approximately 240’ FNL and 1650’ FWL of Section 35, Township 22 South, Range 32 East, Lea County, New Mexico.
- The Well will have a targeted interval within the Wolfcamp formation. We plan to drill the Well horizontally in the Wolfcamp (~12,170’ TVD) to a Total Measured Depth of approximately 17,200’ resulting in a productive lateral of approximately 4,500’.

MRC reserves the right to modify the locations and drilling plans described above in order to address topography, cultural or environmental concerns, among other reasons. MRC will advise you of any such modifications.

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. A-6
Submitted by: **Matador Resources Company**
Hearing Date: November 15, 2018
Case No 16407 & 16435

Quantum Equities will own an approximate 0.05000000 working interest in the Well based on the JOA, subject to title verification.

MRC requests that you indicate your election to participate in the drilling and completion of the Well in the space provided below, sign and return one (1) copy of this letter to the undersigned.

MRC is proposing to drill the Well under the terms of the modified 1989 AAPL form of Operating Agreement which is enclosed for your review and approval. The enclosed Operating Agreement dated April 4, 2018, by and between Matador Production Company, as operator and MRC Permian Company et al as Non-Operators, covers the W/2 of Section 35, Township 22 South, Range 32 East, Lea County, New Mexico and has the following general provisions:

- 100/300/300 Non-consenting penalty
- \$7,000/\$700 Drilling and Producing rate
- Matador Production Company named as Operator

If your election is to participate in the drilling and completion of the Well, please sign and return a copy of the enclosed AFE within thirty (30) days of receipt of this notice. Additionally, if your election is to participate, please accept this letter as an invoice notice and request for payment. Please remit payment for your proportionate share of costs in the amount of \$441,457.25 to Matador Production Company on or before thirty (30) days after receipt of this estimate and invoice. Please be aware that the enclosed AFE is only an estimate of costs to be incurred and by electing to participate in the Well, each working interest owner shall be responsible for their proportionate share of all costs incurred. .

Sincerely,

Trey Goodwin

Enclosure(s)

Please elect one of the following and return to sender.

_____ Quantum Equities hereby elects to participate for its proportionate share of the costs detailed in the enclosed AFE associated with the Matador Production Company's Brad Dyer Fed Com 35-22S-32E AR #202H well, located in Lea County, New Mexico.

_____ Quantum Equities hereby elects not to participate for its proportionate share of the costs detailed in the enclosed AFE associated with the Matador Production Company's Brad Dyer Fed Com 35-22S-32E AR #202H well, located in Lea County, New Mexico.

_____ Quantum Equities is interested in selling its interest in this unit, please contact us to discuss.

OIL CONSERVATION DIVISION**

**APPLICATION OF MATADOR PRODUCTION COMPANY
FOR A NON-STANDARD SPACING AND
PRORATION UNIT AND COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO.**

CASE NO. 16435

**APPLICATION OF MATADOR PRODUCTION COMPANY
FOR A NON-STANDARD SPACING AND
PRORATION UNIT AND COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO.**

CASE NO. 16407

**AFFIDAVIT OF CLARK COLLIER IN SUPPORT OF
CASE NOS. 16435 AND 16407**

Clark Collier, of lawful age and being first duly sworn, declares as follows:

1. My name is Clark Collier. I work for MRC Energy Company, an affiliate of Matador Production Company, as a Senior Geologist.
2. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum geology. My credentials as a petroleum geologist have been accepted by the Division and made a matter of record.
3. I am familiar with the two applications filed by Matador in these consolidated cases, and I have conducted a geologic study of the lands in the subject areas.
4. In both cases Matador is targeting the Wolfcamp formation.
5. **Matador Exhibit B-1** is a locator map. The horizontal spacing unit for the proposed **Brad Dyer Federal No. 202H Well** and the **Brad Dyer Federal No. 205 H Well** is identified by the red box.

6. **Matador Exhibit B-2** is a subsea structure map that I prepared for the top of the Wolfcamp formation. The contour interval is 50 feet. The structure map shows the Wolfcamp gently dipping to the southeast. The structure appears consistent across the proposed wellbore paths. I do not observe any faulting, pinchouts, or other geologic impediments to horizontal drilling with respect to the Matador's proposed units.

7. The wells used to create the structural cross-section in the following exhibit are also marked on Matador Exhibit B-2. These three wells from A to A' are representative of the geology in the area.

8. **Matador Exhibit B-3** is a structural cross-section that I prepared displaying open-hole logs run over the Wolfcamp from the three representative wells denoted from A to A'. For each well in the cross-section, Matador Exhibit B-3 shows the following logs: gamma ray, PE, resistivity, and porosity, to the extent such data was available for each respective well. The proposed target interval is labeled and marked. The logs in the cross-section demonstrate that the target interval, within the Wolfcamp, is consistent in thickness, across the entire proposed spacing unit.

9. **Matador Exhibit B-4** demonstrates that the path of the proposed **Brad Dyer Federal No. 202H Well** will comply with the Division's standard offset requirements.

10. **Matador Exhibit B-5** demonstrates that the path of the proposed **Brad Dyer Federal No. 205H Well** will comply with the Division's standard offset requirements.

11. Based on my geologic study of the areas in both consolidated cases, I have not identified any geologic impediments to drilling horizontal wells in the area.

12. In my opinion, each quarter-quarter section will be productive and contribute more-or-less equally to each 40-acre unit comprising the horizontal spacing unit.

13. In my opinion, horizontal drilling will be the most efficient method to develop this acreage, to prevent the drilling of unnecessary wells, and to result in the greatest ultimate recovery.

14. In my opinion, the granting of Matador's two applications in these consolidated cases will be in the best interest of conservation, the prevention of waste, and protection of correlative rights.

15. **Matador Exhibits B-1 through B-5** were either prepared by me or compiled under my direction and supervision.

**Re: Application of Matador Production Company for a non-standard spacing
and proration unit and compulsory pooling, Lea County, New Mexico.
Brad Dyer Federal No. 205H Well**

Ladies & Gentlemen:

This letter is to advise you that Matador Production Company has filed the enclosed application with the New Mexico Oil Conservation Division. This application will be set for hearing before a Division Examiner at 8:15 a.m. on October 4, 2018. The hearing will be held in Porter Hall in the Oil Conservation Division's Santa Fe Offices located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 19.15.4.13.B to file a Pre-hearing Statement four business days in advance of a scheduled hearing. This statement must be filed at the Division's Santa Fe office at the above specified address and should include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this matter please contact Kyle Perkins at (972) 371-5202 or KPerkins@matadorresources.com.

Sincerely,

Jordan L. Kessler

<p>Case No. 16407: Application of Matador Production Company for a non-standard spacing and proration unit and compulsory pooling, Lea County, New Mexico. Applicant in the above-styled cause seeks an order (1) creating, if necessary, a non-standard, 160-acre, more or less, spacing and proration unit comprised of the W/2 W/2 of Section 35, Township 22 South, Range 32 East, NMPM, Lea County, New Mexico and (2) pooling all uncommitted mineral interests in the Wolfcamp formation underlying this acreage. Said non-standard unit is to be dedicated to applicant's proposed Brad Dyer Federal No. 205H Well, which will be horizontally drilled from a surface location in the SW/4 SW/4 (Unit M) to a bottom hole location in the NW/4 NW/4 (Unit D) of Section 35. The completed interval for this well will remain within the standard offset required by the statewide rules. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof as well as actual operating costs and charges for supervision, designation of Matador Production Company as operator of the well and a 200% charge for risk involved in drilling said well. Said area is located approximately 34 miles southeast of Carlsbad, New Mexico.</p>

CERTIFIED RECEIPT REQUESTED**TO: ALL INTEREST OWNERS SUBJECT TO POOLING PROCEEDINGS****Re: Application of Matador Production Company for a non-standard spacing and
proration unit and compulsory pooling, Lea County, New Mexico.
Brad Dyer Federal No. 202H Well**

Ladies & Gentlemen:

This letter is to advise you that Matador Production Company has filed the enclosed application with the New Mexico Oil Conservation Division. This application will be set for hearing before a Division Examiner at 8:15 a.m. on October 4, 2018. The hearing will be held in Porter Hall in the Oil Conservation Division's Santa Fe Offices located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 19.15.4.13.B to file a Pre-hearing Statement four business days in advance of a scheduled hearing. This statement must be filed at the Division's Santa Fe office at the above specified address and should include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this matter please contact Kyle Perkins at (972) 371-5202 or KPerkins@matadorresources.com.

Sincerely,

Jordan L. Kessler

**ATTORNEY FOR
MATADOR PRODUCTION COMPANY**

Case No. 16435: Application of Matador Production Company for a non-standard spacing and proration unit and compulsory pooling, Lea County, New Mexico. Applicant in the above-styled cause seeks an order (1) creating, if necessary, a non-standard, 160-acre, more or less, spacing and proration unit comprised of the E/2 W/2 of Section 35, Township 22 South, Range 32 East, NMPM, Lea County, New Mexico and (2) pooling all uncommitted mineral interests in the Wolfcamp formation underlying this acreage. Said non-standard unit is to be dedicated to applicant's proposed **Brad Dyer Federal No. 202H Well**, which will be horizontally drilled from a surface location in the SE/4 SW/4 (Unit N) to a bottom hole location in the NE/4 NW/4 (Unit C) of Section 35. The completed interval for this well will remain within the standard offset required by the statewide rules. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof as well as actual operating costs and charges for supervision, designation of Matador Production Company as operator of the well and a 200% charge for risk involved in drilling said well. Said area is located approximately 34 miles southeast of Carlsbad, New Mexico.
